Dearest Oliver

I 'haven't wanted to bother
you before this, but Adelaide tells me
that you are really making remarkable
progress. So this is just to tell
you how very much I have been
thinking of you & saying my few
pae pages for you. I know
you give everything you have to the
cause, & it is very hard for you
to be out of action at this crucial

Dear Oliver & Adelaide -

I wanted to let you know
we are always thinking of you.

Just realized that our annual
Bulletin was mailed to you in Lusaka
so I'm sending this additional news-
letter to you at your home.

Don't you think Johnny
would be happy to see his picture
under you & Nelson on our mailer
page?

Much love from Nadine
& me - Jerry

What a long, long way we have all
come since the early days in
the basement of 2 Rosen Court!

Adelaide may have told you that
I have been asked by Bolling
the publisher to write a book
about Bob & all his activities -
or a way it is more of a
personal memoir than a biography
proper, but, of course, there must
be a lot about all his work.

I have written what I reckon is

about $\frac{1}{2}$ of the book & that has
 later me 1 year - ' so it will
 probably be 2 more years. There
 is a lot of research to be done,
 writing letters, going to see people
 etc & that is very time-consuming.

But some time - if you ever
 have leisure & feel up to it I
 would really like to come & talk
 to you - But not yet - everything
 must be concentrated on getting you
 better - Luckily Ballance seems
 to be quite pleased with what

I have managed to write so far
so that is a relief. They have
promised to give me a proper
contract & I do feel more
secure when I get that.

I am sure you are being looked
after as well as possible & you
have the best possible nurse in
Adelaide. If there is anything
that I.D.A.F. can do to help
Adelaide must let us know.
Meanwhile, dear Oliver, my love
& regards for you. Diana

there is South African affairs - Hard
for you & dreadful for all who
care about the future of South
Africa - nobody can do without
you - so please take as much
care of yourself as you possibly can.

I don't have a London base any
more, so I am not able to be
quite as much "in" things as I
would like but I do still seem
to come to London quite a lot &
always for Debora & Bill meetings.
