Dear Comrade Papa :

RE : GENERAL SCHOOL REQUIREMENTS

I wish to thank you for your letter of 17th instant . In your letter you are asking if VTC , E.O.C and Day Care Centres in Dakawa were excluded by mistake. The answer is no. The sections outlined in my letter of 13th instant were those adopted by HCSA.

What I think would be the correct thing to do for you is to compile lists of needs of each section and these could be forwarded to donors when needed.

In my letter I said you should submit your compiled list; This will be collated with the overall requirements from other departments outside SOMAFCO divisions.
