Dear Ms Carolous

INVITATION TO OUR NEGOTIATION NEWSLETTER LAUNCH

Five Freedoms Forum would like to invite three delegates to the launch of our Negotiation Newsletter. NEGOTIATION NEWS is a specialist publication focusing on national negotiation and reconciliation.

Five Freedoms Forum is a non-aligned facilitative organisation which works to bring people together across political and racial divides and encourages them to engage one another about their ideals, hopes and fears for the future.

The Secretary General of the ANC, Cyril Ramaphosa, and (a National Party speaker) will address the question of "the need for and achievement of national negotiation", at the launch. This will be followed by a cocktail party.

NEGOTIATION NEWS is one of several Five Freedoms Forum projects aimed at promoting a peaceful political settlement in South Africa. Representatives from the various organisations and political parties involved in the negotiations process have been invited to attend the launch.
