We are writing this letter to your office in an attempt to highlight our plight. As your office knows we(w0rl<ing staff)

are getting four kwacha

(K4. ()0) as lunch allowance per day. This becomes K80. ()0 per month.

This

amouht (of K4. 00) is not sufficient to buy any type of feed or snack. The reality is

that individual comrades have to find the rest of

the money

el sewhere .

It is fair to say that

this luhch allowance does not serve the desired

purpose. We are therefore making a passionate appeal to your office to pay

enough attention to this matter. It is no exageration to say that .eveni twice the present amount would be insufficient to buy the cheapest food.

1"We will greatly appreciate a realistic response to this matter;
