18th May, 1977.

Report of meeting with Joe Saloojee

1. A report on the A.N.C.'s tour (women) will be send by JOE JOE as soon as he arrives back in Toronto.
- 2 a. Comrade Saloojee would like to know what they should do with the \$10,000 they have received for a land rover, they would like to know whether they should purchase the vehicle, and if so where it must be shipped to.
b. An ambulance will be donated to them, they would like to know ~~what~~ what to do with it.
c. They will submit the school project to the Manitoba Government.
3. On the question of Kay's opening an office in Canada:-
 - a. This matter was raised with the minister of foreign affairs in Dec. 1976
 - b. A memorandum was written to the same ministry a copy of which was sent to the Secretariat (Received 2/3/77 dated 16/2/77)
 - c. This was followed up with the ministry but so far there has not been any response. We feel (Canadian AN.C.) that the Canadian government will not issue the ministerial answer- for fear of creating a precedence whereby it will open the door for the P.L.O.) will continue to persue all possible attempts by soliciting support from fraternal organisations, Trade Unions, churches and non-governmental organisations if in the event that this fails our committee strongly feels for a fultime office to be established. The committee recomends that comrade Joe Joe Saloojee give up his normal job and work as a fulltime representative (to which he agrees). Funds for this have been promised by several organisations.

The committee would like to establish the office as soon as H.Q. gives an O.K. this matter is absolutely essential.

4. Scholarships.

This has been attended to, all we need is the names and particulars of the candidates, from H.Q. and the specialities they would like to persue, in the University.

M. Pheto
