Seminar on education
for Revolution

10:11:1984

Dear Cde.

in line with the preparations for the conference the seminar on education for revolution will take place on the 17th and 18th of November 1984.

In order to allow as much mass participation as possible we request through you the participation of people to represent our RPC units. In essence we are extending an invitation to the community in general and to unit reps in particular.

Thank you.
