"Give us your Support"

*—says the President of the W.P. Cricket Board
in a Message of Welcome*

This match in which we can at least pay tribute to Basil D'Oliveira in his natural setting, has been made possible by the co-operation of so many people and organisations, that I will not venture to name them individually.

On behalf of the W.P. Cricket Board, however, I wish to thank all for their contribution towards the staging of this memorable game.

To those players and supporters who have made long journeys from "up north", we say, a hearty welcome into our midst, and to all our loyal supporters we express the hope that you have your money's worth.

It is rather ironic that cricket, the "cinderella" game as far as the public is concerned, should be so far ahead in staging big matches. We think of the Kenya Asian tour of South Africa (1956), the South African team's tour of East Africa in 1958, Basil D'Oliveira's success in England, Super League in the Western Province, Natal and Transvaal and NOW this wonderful match of the century.

If all this can be done without spectator support, imagine what would be done if you, the public, give us full support. Our next step is bigger and better inter-provincial matches, but the success of that is UP TO YOU, by your support.

Finally, I wish all players every success and hope that the "GAME" will be the winner.

"Bring the Spectators Back to the Game"

An Appeal by the W.P. Board Secretary—Sheik M. G. BOOLEY

On behalf of all the cricketers in the Western Province, I would like to extend a "Welcome Back to the Fold" to Basil D'Oliveira, and also thank all the cricketers who consented to play in this memorable game.

We trust it will have the desired effect so much needed to bring spectators back to the Game, but at the same time, I contend that whatsoever is done for the game, it must benefit ALL cricketers and NOT individuals alone.

Wishing all the participants an enjoyable game and the best of luck.

"Basil D'Oliveira is one of us"

—says the President of the S.A.C.B. of Control

It is quite a few seasons ago that Cape Town has been the venue for any match on a provincial or higher level. The Basil D'Oliveira match will therefore be the major attraction of the season and it should be a fitting culmination to Basil's successful coaching tour. To have arranged this match in "Dolly's" home town, amidst surroundings so familiar to him will not only bring back happy memories of the not-too-distant past but he will also carry away the good wishes and goodwill of everybody who will come to witness the game.

One can anticipate that Basil's side will be composed of the most outstanding young cricketers he saw on his Republican-wide tour, and knowing Basil's ability to spot a talented player, one can look forward to seeing a formidable team opposing the Western Province South African XI. Western Province have an unlimited field to select from so that the two teams are evenly matched. So spectators can be assured of seeing a first-class match, the result of which should be of no real consequence.

May I be one of the many to congratulate Basil on his latest honour, his selection to play in the world team to oppose the West Indies in Barbados, in March.

Basil D'Oliveira is **ONE OF US** and let us hope there are more to emulate him!

"The Game is Bigger than You or I"

—says our *BASIL*

Since my return to South Africa, it has given me great pleasure to see the keenness and enthusiasm portrayed. Maybe my humble achievements in England has proved to our players that if I can do it, so can they.

Many players are now expressing the desire to try their luck out overseas. This is a good sign. It means that our players are now becoming confident in their own ability. But let me sound a note a warning. Nothing is accomplished without dedication and perseverance. There is no substitute for hard work and no short-cut to success.

To play this or any other sport professionally, you must be prepared to put in the same amount of sweat and toil that has made other sportsmen famous. You must deny yourself certain pleasures. Practice and more practice is needed.

I know our facilities aren't very good, neither is there much incentive for our players, but as I have proved, this should be no reason for holding back a dedicated cricketer.

One last word. Above all else, always try to remain a gentleman and sportsman. The game is bigger than you or I will ever be.
