Deputy Director DIA/Secretary Culture

c/o ANC Australia Mission

Dear Comrade Stan/Barbara,

The following is the itinerary prepared for Comrade Mandela and delegation.

A. Aim of Visit:

1. Building New Relationship for the Future

(i) Mandela visit is intended to help establish understanding and lay foundation for a new relationship with ANC for the Future Post Apartheid South Africa. A historic beginning.

(ii) Japan needs to escalate contact with the US to enable her to effectively participate towards shaping the future we are just about to deliver.

(iii) Japan has a moral obligation to support us, assist and provide resources to enable us to pursue the new peaceful efforts, including negotiation with Pretoria to find a comprehensive solution to the problem of South Africa.

11. Economic Interdependence

11I. Financial Assistance and Programmes

Four Types of Meetings:

1. Government/Official

2. Private Sector

3. Political Parties and Foundations

4. Labour Unions and Civilized Movements

Programme:

10-31

The program looks very tight. However the meetings will be mainly

1) Courtesy calls by Political Parties, Labour Movements and citizens Anti-Apartheid Groups and Religious bodies, at most, 20 minutes.

2) In this type of courtesy call, the tradition widely practiced in Japan, the groups led by their leaders will present gifts and financial contribution.

f-Z/

3) Although it looks tight, that is probably where much donations will be contributed. 90% of them will take place inside Comrade Manibais suite. So, he does not have to travel or walk further from his place. Enough groundwork has been done to ensure that the process will be short, precise- like the Japanese are, and is less exhaustive. Substantive discussion will be held elsewhere with them by the rest of the ANC delegation.

Please indicate any other preferences. More information to follow.

Amandla!

Jerry Matsila

ANC Chief Representative
