ADULT EDUCATION WORKSHOP TEAM

Thank you for your letter Ref. No. SMFC/1/25/25 of 16th November, 1982. We also appreciate your efforts of letting Comrade R. Tinga come to our offices for further discussions and arrangements of this very important issue.

In this letter I would like to sight to you a few things we discussed with comrade Tinga.

- (i) The College has already identified the audience ie illiterates, semi literates and learners who desire to persue Secondary School Education.
- (ii) The College has already designed a suitable syllabus for illiterates and semi literates based on political, social and economic needs.

Therefore we have only one work to accomplish which is writing primers for illiterates and semi literates. Each primer will have its teacher's guide. Our experts would like to fully participate in writing these four books.

In orderer our experts to do this work effectively, would you kindly supply us with the designed curriculum, syllabus and comrade Tinga's research papers.

We hope that you have learnt of our programmes between now and May this year.

But if there is a pressing need for primers, please do contact us at your most convenient time so that we can adjust our programme to fit you in. We are sorry to delay the reply to you for we received the letter rather late.

We hope to hear from you soon.

Yours Sincerely,

for 
PRINCIPAL SECRETARY
