Dear Gili/Saki

We are recieving queries about the INTERCEPTION AND MONITORING  
PROHIBITION BILL. I include a copy. My initial reading of it is that it is  
quite bad. Lawyers for human rights have slammed it.  
It may be good idea to get an official statement out about it. Please advice  
me.

Please inform me a.s.a.p.who will be able to do the Beeld interview, and at  
what time.

Greetings

Carl
