Dear Cde E. Maseko,

Ref: Teddy Malume

As I had discussions with you and Dr Moroka on the deployment of the above mentioned comrade I'm sending you this letter to finalise his deployment.

Comrade Teddy says he trained with the Medical Point (O.A.U) as a Lab Technician. I should think he also needs some practice before he goes on scholarship.

Let us give him a chance of practicing his skill in the Lab.

In the Year of the Cadre !
