The Chief Representative,  
African National Congress of South Africa,  
LONDON.

Dear Comrades,

Greetings !

We write to inform you that we have consolidated ourselves into an executive committee in Swaziland and the names of office bearers appear at the foot of this letter which each member has signed to make it authentic..

We are drawing some plans of strategic importance which should assist in the struggle. We feel that our closer-to-home position here is worthwhile making use of. We have been sitting idle for too long and we have now dedicated ourselves to work effectively for a change in S.A.

If you should have any comments we shall be pleased to hear from you as soon as possible.

We are,

Yours most sincerely,

BEN KOPIE BARTMAN
