Dear Cde Makopo,

Re: Cde James Mpethwane

With reference to our discussion whilst you were in South Africa recently regarding the above mentioned comrade I wish to make a follow up on the progress made thus far in trying to trace him at MATC Hospital.

It is not my intention to pressurise you but the urgency of the matter forces me to once again appeal for your speedy action and response as a decision has to be taken soon with regard to his children.

Your co-operation will be highly appreciated.

Comradely yours.
