## CONSTITUTIONAL PLAN-1980

A BLUEPRINT FOR 'NATURAL DEMOCRACY'

COMPRISING NINE AUTONOMOUS CANTONS

● "Liberty by Diversity"

### TO ALL POLITICAL LEADERS SOUTH OF THE LIMPOPO RIVER

Progress to a stable democratic order in South Africa will not be possible unless the following principles are adhered to in sequence.

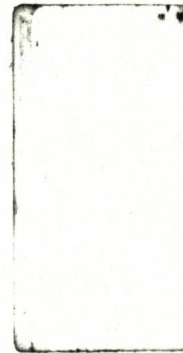

- ① A National Multi-Party Congress must include all political groups; including the TBVC states, Lesotho and Swaziland.
- ② The proposed new State Constitution which must include entrenched FEDERATION and HUMAN RIGHTS; must (regardless of time) be endorsed by a minimum 4/5 majority of groups.
- ③ A National Referendum of all adult citizens (AGE 20Y+) must then be held to approve the final proposal by a minimum 2/3 majority of the registered electorate, followed by Supreme Court (TM) ratification.
- ④ New elections for Local, Regional and National governments must then be held in terms of the new State Constitution — all terms of office beginning simultaneously from 1st January the following year.

#### \* WARNING

There must be no new elections of any kind, unless these progressions have been properly completed. Failure to follow this course will surely lead to widespread anarchy, and inevitably a new dictatorship. National stability must come before sectional ambition.

1990 PROPOSAL FOR A FUTURE

## Commonwealth of SOUTHERN-AFRICA

# THINK

You cannot strengthen the weak  
By weakening the strong.  
You cannot help small men  
By tearing down big men.  
You cannot help the poor  
By destroying the rich.  
You cannot help the wage earner  
By pulling down the wage payer.  
You cannot keep out of trouble  
By spending more than your income.  
You cannot further the brotherhood  
of man  
By inciting class hatreds.  
You cannot establish security on borrowed money.  
You cannot build character and courage  
By taking away a man's initiative and independence.  
You cannot help men permanently  
By doing for them what they  
could and should do for themselves.

PRES. ABRAHAM LINCOLN (U.S.A.)
