INFORMATION ON VIOLENCE SINCE AUGUST 1992 .

Dear Fink,

I need to put together information on VIOLENCE required for updating the UN Secretary General. Specifically information detailing

- occurrence of violence
- security forces connivance/involvement in acts of violence
- arrests, prosecution and convictions of people implicated in violence
- state measures against the right to peaceful public protest and demonstration

I am working under extreme pressure as the material needs to be ready by July 15.

Counting of your usual speedy cooperation,

Yours in the struggle

Frene Ginwala
