Dear Mr. Tikly,
On 26 May 1992 the Rotterdam City Council decided to appropriate part of the "Fund for the democratic building of the society in South Africa" for the support of the Batlagae Trust. The amount has been set on R 30.000, and will be transferred to First National Bank (Braamfontein Branch, Johannesburg), account number 05490.4060.897.

. This amount is intended for the activities as mentioned in your funding proposal: the educational integration of returnee exiles in South Africa. There are two things we expect from you in return:
- a regular supply of information about the progress of the project.
- an extensive financial report.

I would like to enter into more detail about the supply of information. Besides providing practical assistance in South Africa we also try to involve the inhabitants of Rotterdam in the developments in South Africa. For that purpose we have drawn up a plan of action. Part of this plan is a large exhibition, which will take place in january/february 1993. For this we will soon start to collect materials, like photographs (for which South-African photographers will be assigned), audio-visual material and so on. A photo-essay will be made of each of the projects supported by Rotterdam, among which the Batlagae Trust. Because of the national scope wilt u hij beantwoordmg datum en kenmerk vermelden BD.()3.01
