23 J ULY 1993

DA.C . Co-ordinator

Department of Arts and Culture

H Q

After assessing the need for farming the cultural institutions and organisations in Natal Midlands are the most difficult region to work with, we worked very hard to develop culture far all in this region.

We, therefore successfully, been able to focus in the rural areas where we find it most important to work closely with the communities by forming cultural groups that will surely help us, to boost morale among our members. This also help the recruitment drive and in the political activities especially in the rural areas. ' '

We are heading for the crucial time that the organisers in the region need to use the cultural groups to woo the people to attend their political meetings where we intend to educate people about the oncoming elections.

The DAC regional desk is experiencing difficulties to cope up with the financial needs for the purposes stated above. In that case we decided to write to you for financial help in order to be able to arrange the programme that will be in effective as from the first week of August.

There are groups which will perform in our meetings that need to be transported and also they are asking for suitable traditional clothing for the occasions. The notable occasion is scheduled to be on the 24 September 1993 at Kwa-Ximba where we intend to hold the historical cultural festival where we expect a very large turn up in thousands from every corner of Natal and South Africa.

We, therefore My request the D.A.L'. HQ to assist us with finance in order to make the festival successful especially because the organisations like IFP has planned the same and in the same date.

We look forward to hear from you soon

Yours in struggle

I
