Dear Cde,

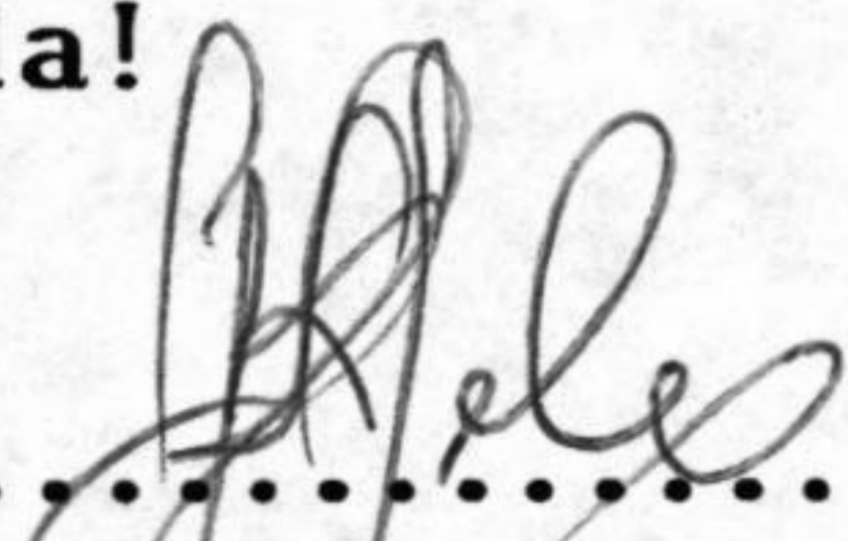

re: INTERNATIONAL CAMPAIGN TO SAVE THE MESSINA TRIALISTS

The above-mentioned matter is in connection with 3 of our cadres who are presently undergoing trial in Messina after being captured by the enemy.

The PMC is greatly concerned by the nature of the charges the three are facing and feels that they will almost certainly be hanged. It was decided, in view of this, that an international campaign directed at averting this eventuality be initiated.

Your Office is accordingly requested to take the matter up with the DIA for the latter to expedite it as a matter of urgency. In the meantime the PMC has written to the MHQ asking for the necessary particulars i.e. real names, dates of births and photographs. These will be transmitted to your Office upon receipt.

Maatla!

J. Jele, PMC Secretary.
