Dear Sir

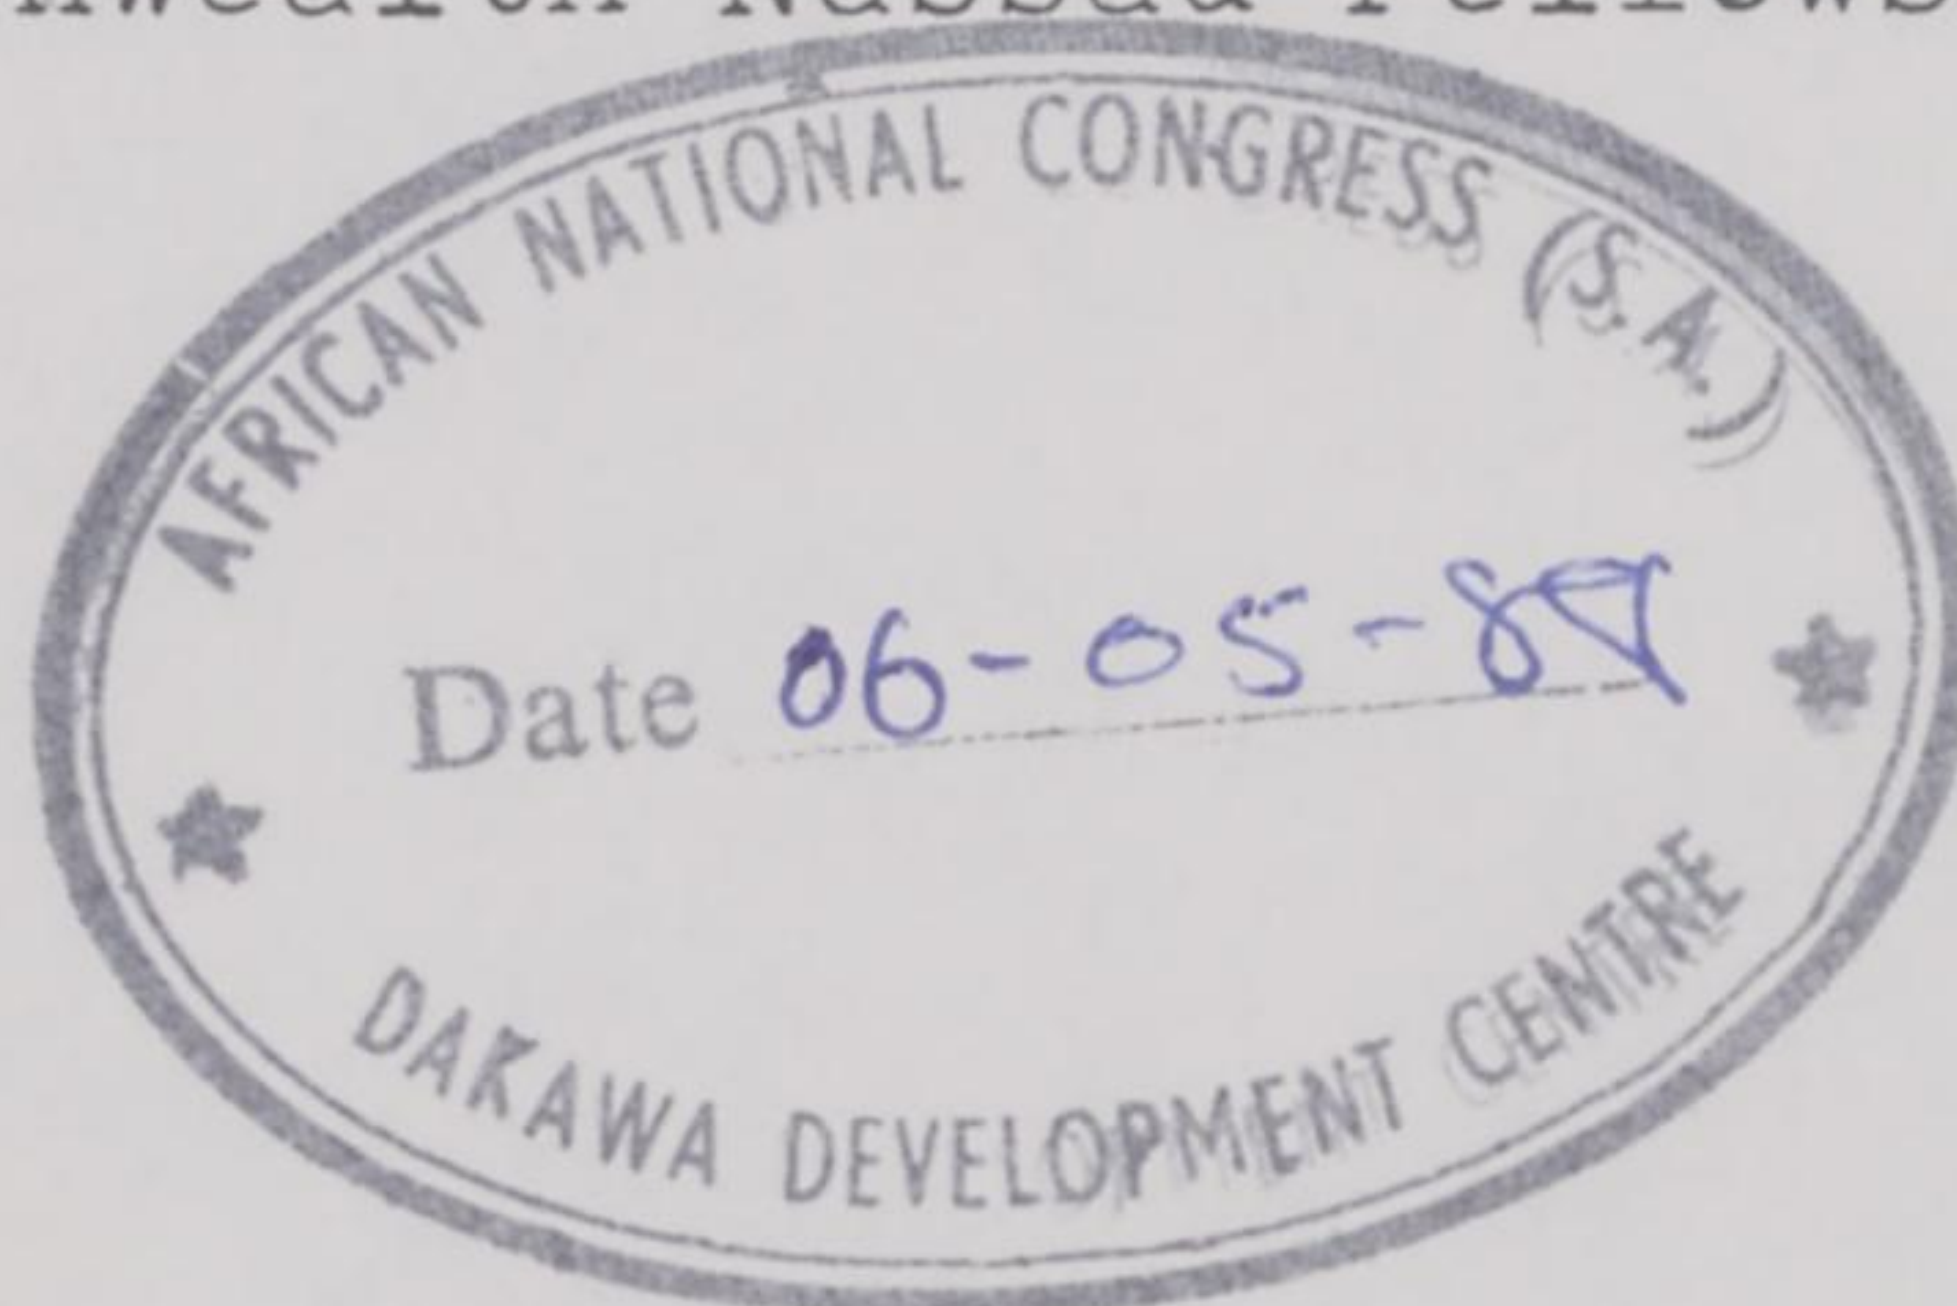

First I take great pleasure to be called to make recommendation to the Commonwealth Secretariat for the above mentioned. The above mentioned is a member of the A.N.C and is presently involved in the development of our settlement project at Dakawa Development Centre in Tanzania. He is a hard worker in the strictest sense. He has rare qualities of being able to cope up with about every assignment with all the vigour and speed. Above all the qualities he has shown, he has particularly a flair to deal with all sorts of machines available here. His standard of education permits him to enter a technical college. I'd strongly recommend that he take an award under the commonwealth Nassau Fellowship scheme at technical level

Your Sincerely

Re: Nikelwa Tengimfene.

Ref:

Dear Sir

The above mentioned is also resident at the A.N.C Development Centre Dakawa. She'd been previously studying at the university in South Africa Owing to the growing violence perpetrated by the racist regime she had to terminate her studies to join the growing numbers outside that apase the regime. It is in this regard that I recomend that she be awarded a scholarship under the Nassau Fellowship's scheme to finnish her studies. She'll make it through her studies as she is a quite responsible person this are my regards to the commowealth Secretariat

Yours Sincerly

Re: Mr S. Ramatheko.

Ref: C.F.T.C/ CSASF 795.

Dear Sir

The above mentioned is also a member of the A.N.C and resident at the ANC Development Centre Dakawa Tanzania. He is a very responsible man and hard working. He is one of the exemplary cadres we have here. I'm confident that he'll make in what ever discipline he might like to pursue. He has shown interest in studying materials management, in this regard I'd strongly recommend that he be put at level equivalent to technical. I really feel honoured to be called to make this recommendation.

Yours Sincerely
