Years of diligent study lie behind each craftsman  
entrusted with the delicate task of framing our pictures.

In such experienced hands even a masterpiece is  
assured of a frame enhancing its dignity and beauty.  
Over half a century picture framers to South Africa,  
the House of Herbert Evans is proud to offer you its  
services.

. ..Â» You may have to wait a little longer, but the  
quality of the work remains unchanged.
