Dear Ambassador,

I wonder if you are yet in a position to give us some indication of the result of the efforts which you have been making on behalf of the Luthuli Memorial Trust with your government.

The Trust's financial position is now extremely . serious as we are into a new academic year and have no source of funds for a significant number of our students. Obviously we do not wish to advise students who are nearing the completion of their courses to leave, but without funding that becomes an inevitability.

I look forward to hearing from you.

With best wishes

Yours sincerely

. His Excellency the Ambassador to Great Britain
