Dear Mr Serote

Thank you for your faxed invitation to a meeting on Wednesday 17 March which we diSCussed at our national executive meeting on Saturday, 13 March. Unfortunately, since we did not have details about the nature and agenda of the meeting, we concluded that we could not send an informed delegation. we have Subsequently heard that the meeting is a briefing about recent political evelopments and we will try to send a representative although our senior leadership will be tied up in another event tomorrow or are not in Johannesburg.

Please accept our apologies if no-one is able to attend. We would like to be kept informed of what transpired if possible.

Enclosed please also find a document which the ExeCutive adopted on Saturday which spells out our relationship with political organisations and state-suosidised arts institutions since there has been much confusion about this. we are making this document as widely available as possible.

Yours sincerely
