Welcome message from  
the Secretary  
Eastern Province Cricket Association

BeHROL HEY NES

On behalf of all the non-racial sportspersons and organisations of the Eastern Cape, |  
bid  
all the visiting teams, officials, umpires and spectators a warm and sincere welcome.

It is indeed a great privilege and honour for the Eastern Province Cricket Association  
to  
host this National Under 21 Tournament on behalf of the South African Cricket Board. It  
is  
not easy for our young cricketers to blossom under the difficult circumstances that exi  
st  
for non-racial cricketers in the country. | therefore salute your dedication and  
commitment to the non-racial struggle from your sporting base. It must always be  
remembered though, that your sacrifice is but a small part of the greater sacrifices of  
her  
non-racialists have had to endure and are still enduring.

There are many young talented cricketers under our fold and this tournament will  
undoubtedly put the cream of that talent on display. You will be participating against  
the  
best of the other provinces in the country and this should therefore bring the best out  
of  
you.

On previous occasions , many a good talented cricketer has been spotted at these  
tournaments, only to hear that after a year or two the player loses interest or some ev  
en

defect.

| want to appeal to all of you to persevere with the game so that your dedication can s  
erve  
as encouragement for the other young cricketers in our fold that will follow.

The South-African Cricket Board must also be commended for pressing ahead with this  
tournament against a background of tremendous financial pressure. The need for a  
tournament of this nature is of course very important in S.A.C.B.'s bid to foste  
r the game of  
cricket, but maybe we should re-examine our position if financial support is not forth-  
coming in the future.

To the participating units, the E.P.C.A. promises to make your stay as enjoyable as  
possible under difficult circumstances. Should any problem arise do not hesitate to  
contact one of our people, we will definitely try our best to make you comfortable.

To the players | say, enjoy yourselves and let the game of cricket be the eventual winn  
er.

To the umpires, my thanks and appreciation for your commitment to the game.

Once more a big welcome to all the visitors. | hope your stay in Port Elizabeth will be  
an  
enjoyable one.

BRIEF HISTORY OF THE FORMATION OF  
THE SOUTH AFRICAN CRICKET BOARD  
(SACB)

At its Third Council meeting on the 10 November 1976, the Natal Cricket Board of Control, unanimously accepted to implement the directive of the South African Cricket Board of Control (SACBOC) to play normal cricket in Natal. The Natal Cricket Board of Control decided to implement the directive only if normal cricket in Natal was to be played according to the 12 point plan (which was accepted by its counterpart that it had drawn up. At this point in time all units of SACBOC, except the Western Province Cricket Board (WPCB) and NCB, had decided to play normal cricket,

However, this set up only lasted two months as the NCB rejoined the WPCB outside the folds of normal cricket at its 5th Council Meeting when it resolved by a substantial majority to withdraw from normal cricket in Natal because the agreement to play normal cricket was not adhered to.

At the same meeting the NCB and WPCB decided to play a friendly inter-provincial at Tills Crescent in March 1977. It was during this match that cricket officials of NCB & WPCB with interested members of other non racial codes and SACOS officials met in the Tills Crescent dressing room to discuss the state of non racial cricket. The meeting unanimously agreed that the normal cricket scene was a farce and that the betrayal of the non-racial cause by the leadership of SACBOC in its capitulation to racial cricket, and their inability to call a meeting to give satisfactory explanations to the rank and file members of the organisation should give rise to the birth of a new non racial cricket body.

Thereafter a Cricket Summit Meeting was held in

Kimberley on the 25 September 1977 which was attended by officials of WPCB, NCB, E.P. Cricket Association (EPCA) the newly formed Transvaal Cricket Board (TCB) and Griqualand Cricket Union. Messages of support were received from South Western Districts Cricket Union. South African Senior Schools Sports Association (SASSSA) and South African Primary Schools Sports Association (SAPSA). The meeting was chaired by Mr H. Rose of Kimberley. From the attendance and discussion it was clear beyond any doubt:-

(a) that the overwhelming majority of players and officials of SACBOC were totally opposed to the policies and actions of SACBOC's officials;

(b) that for reasons best known to him the SACBOC President was determined to carry on with the Multi-National cricket started by him;

(c) that he would make every effort to frustrate efforts to bring SACBOC back to the non-racial stand

which made it one of the leaders in the struggle against racialism in sports.

he meeting unanimously agreed to form the South African Non-Racial Cricket Committee to investi-

ate reforming or recapturing SACBOC.

n the meantime, according to reports in the Afrikaans press, of the 3 SACBOC representatives on the 9-man motivating Committee only the late Rashid Varochia was present at the meeting at which the South African Cricket Union was formed. Messrs Pat Naidoo and Les Petersen, the other 2 representatives, did not attend the meeting, but to give it credibility, other Officials of SACBOC and the Transvaal Cricket Federation were present at the meeting.

The inaugural meeting of the SACB was held at the AEL Centre in Johannesburg on the 13 November

1977, where it was unanimously decided that a new non-racial cricket body should be formed called the South African Cricket Board (SACB). Present at the meeting were delegates from WPCB, EPCA, TCB, NCB, SwDCB & GWCU. The NCB draft constitution was read, amended and accepted unanimously.

SASSA & SAPSSA were a full membership to SACB. The officials elected were:-

President: H. Howa  
Vice President: Sheik M.G. Booley  
Secretary: A.W. Kazi

Treasurer: B. Leendertz  
Record Clerk: L. Smith

It was also unanimously decided to immediately forward a formal letter of application for membership to the South African Council of Sport (SACOS). It was due to this application that SACBOC, the existing member of SACOS, was given 90 days to put its house in order.

The acceptance of the SACB at the SACOS Biennial meeting held in Cape Town on 6 March 1978 once again gave non racial cricket its rightful place among

ational Non-Racial Sports Organisations. The SACB pledged its unreserved acceptance of and support for the principles and aspirations of SACOS and has expressed its total solidarity with other national bodies in the struggle for non racial sport in South Africa.

In its memorandum to the International Cricket Conference in 1978 the SACB stated that whatever optimism that existed after the discussions of 18 January 1976 between the representatives of the various National cricket bodies and the Minister of Sport, was finally shattered with the announcement in September 1976 of the Governments new sports policy: It became abundantly clear that the new deal would be nothing but the extension of the multinational policy to club level. The State also

clarified its policy in so far as schoolâ\200\231s sports was concerned: a series of approvals from several different authorities were necessary before schools could come against one another on a multinational asis.

Clear â\200\234Demands of non-racial sportâ\200\235 was also laid down in a June 1979 SACB memorandum.

They were:

(a) All clubs must have open membership. Where exclusion clauses are incorporated in club constitutions, they must be removed.

(b) All clubs must participate in competitions organised by single non-racial controlling bodies at local, regional or provincial level.

(c) A single non-racial body must control the sport nationally and represent the sport internationally.

(d) All sportsmen and sportswomen must have equal opportunities in private and public life.

(e) Sponsorship must be utilized in such a way that all sportspersons benefit equally.

(f) There must be no restrictions placed on clubs or other sports organisations in the acquisition of private sportsgrounds and club facilities, and all such facilities must be open.

(g) Sports facilities must be provided to all sportppetaene without discrimination and on an equal asis.

(h) Selection must be based solely on merit in the composition of representative teams.

(i) South Africa must be represented internationally by a single team selected on merit.

(j) All school children must be free to attend the schools of their choice and school sports must be free from any restrictions based on race or other abnormal considerations.

The subsequent successful development of the

â\200\230SACB as a force in South African Sport and its rec-

ognition by International Cricket bodies is quite well known.

Message from  
the President  
South African Cricket Board

Mr. KRISH MACKERDHUJ

Congratulations to the Eastern Province Cricket-Association on staging the 1988/89 South African Cricket Board Under 21 Tournament in Port Elizabeth.

The commitment and dedication of our affiliates must be applauded, for in these difficult

times and under very trying conditions they continue to pursue the propagation of sport in a just and fair society.

It is therefore dishonest and criminal that International and National business concerns find it convenient not to sponsor grassroots tournaments of non-racial codes of sport, and yet are prepared to distribute large sums of money for insignificant racist and multinational activities of the privileged in South Africa.

It is therefore important that the South African Cricket Board continues to participate in the creation of a broad-based democratic sports movement in which all the oppressed masses in this country are involved. To this end the South African Cricket Board's relationship with the progressive community and labour organisations must be axiomatic. This is a necessity if the South African Cricket Board is to take its rightful place in a post apartheid society.

We expect the tournament to take place in a spirit of comradeship.

Best wishes for a successful and fruitful tournament.

Message from the President

Eastern Province Cricket Association

RONNIE PILLAY

The Eastern Province Cricket Association welcomes all players and administrators to Port Elizabeth.

This tournament presents an opportunity to some of the younger cricketers in our land to make their mark on the game.

But we must remember that this tournament is a non-racial sporting event. You, the participants, will not be afforded television coverage, and neither will you be able to complete your games on the

best facilities this country undoubtedly has to offer. However what we can promise you is a good tournament.

Different people play sport for different reasons, and all over the world it would seem that it is done

mostly for fun. But our sport is not entirely for fun. Noble ideals mould our activities in life and no less so - Our non-racial sport.

The participants in this tournament are on the threshold of adulthood. It cannot be forgotten that they carry the responsibility of contributing in the march towards a non-racial democratic society. | most certainly hope that this tournament helps to achieve the realisation of this responsibility. The desire to represent one's country, | am sure, is paramount in every patriot's mind. But remember, representing your country is only possible in a non-racial democratic society. Therefore each of us must assist, in our own principled way, in achieving this society that all are so desperately seeking.

On behalf of the Eastern Province Cricket Association, | would like to wish all participants the very best. May old friendships be renewed and new ones forged. Enshrined in the concept of sportsmanship is the idea of fairplay. May this ideal be the over-riding factor in our conduct - no matter what the circumstances are.

Finally | wish to thank all who assisted in making this tournament a success. In particular | wish to

thank Volkswagen of South Africa (Pty.) Ltd. for the assistance they rendered through their Community Development Programme.

Yours towards a non-racial, democratic South Africa.

On behalf of my union | wish all teams participating in the tournament a happy and enjoyable time. This is the time to get to know one another very well. It is very important that we should learn from each other.

Some will win and others lose. That cannot be changed. In spite of all that cricket itself will be the ultimate winner.

Please remember that we are all involved in a struggle for justice in a wider sense than sport. That is why we should be good ambassadors for our cause on and off the field of play. | can already see light at the end of the tunnel. Let us not give up .

Remember the saying :-Winners never quit and quitters never win. We are winners and victory is certain.

G. BOOYSEN

The Boland Cricket Board sends its greetings and best wishes to the Eastern Province Cricket Association on hosting the Under 21 National Tournament.

Our sincere wish is that their sport, cricket, in the prime of their lives; will â\200\230fast bowlâ\200\231

to eventually work at its full capacity, and, that their ideals to reach the peak of their careers, will be realised.

Come, let us strive with SACOS in the struggle to show the government of the day

on the essence of true unity and justice; and the pain, suffering and grief caused by its apartheid-policy.

Come, let's join hands to fight racial discrimination in sport and also to educate the public about the principle of non-racialism. Non-racialism means : a discipline which calls for sacrifice.

Message from the President

Western Province Cricket Board

SADICK EMERAN

It is a pleasure and a privilege to extend a message of support to the Eastern Province Cricket Association in honour of hosting the South African Cricket Board's Under 21

Tournament during the first two weeks of January 1989 in Port Elizabeth. We are all going

through a very difficult period and the fact that this tournament is taking place says a lot for

the deep sense of commitment and capacity to sacrifice on the part of members of all South African Cricket Board units.

The primary task of the participants is to play cricket and ensure that their team comes out

on top at the end of the competition. You are representing your respective units but not

only are you accountable to them, but also to the vast numbers of non-racial sportspersons and supporters both inside and outside this country. Therefore always ensure that every aspect of your participation is of the highest order and in conformity with

the greatest traditions of sportsmanship.

The benefits to the cricketers and cricket in general that can be derived from this tournament are enormous and I am sure that it is unnecessary for me to list the details.

However, I would like to remind the participants, not to miss the opportunity to exchange

viewpoints on issues which could enhance the status of the South African Cricket Board and contribute positively in our quest for a truly non-racial society.

The Western Province Cricket Board places on record their sincerest thanks and appreciation to the Eastern Province Cricket Association for hosting this competition and

wish them every success for a problem free tournament.

We also extend our congratulations to all the players and officials participating in this

event and wish them everything of the best in their endeavours to do well.

Message from the President

SASSSA

On behalf of SASSSA | should like to thank the South

African Cricket Board, and its host unit, Eastern

Province, for making this Under 21 Tournament possible despite the critical financial position of the board.

SASSSA is acutely aware that the Board does not receive a cent of sponsorship and therefore it appreciates all the more the tremendous amount of commitment to the non-racial ethic, sacrifice and hard work that goes into the Board's effort to raise its own funds.

Since the inception of the Board, SASSSA has enjoyed a particularly good relationship with it. In fact, the South

African Cricket Board is one of the few senior national

bodies where SASSSA has a permanent delegate. It is our sincere belief that cricket would not have grown to such an extent in the ranks of SASSSA had it not been for the incentive of playing in the Board's competitions.

SASSSA would like to see cricket firmly established especially in the rural areas like North Western Districts, North West Cape, Orange Free State and Karoo. Cricket

equipment is extremely expensive and this is a limiting

factor in the promotion of non-racial schools' cricket in the platteland. It is hoped that the pilot coaching course that the Board will be implementing soon will be of benefit to our affiliates.

We want to thank Eastern Province Senior Schools for hosting the SASSSA team and our affiliates for paying the transport costs of the individual players. Without this assistance our participation would not have been possible.

Message from  
the President  
Cricket Association of  
Transvaal

Dr. GULAM KARIM

The Cricket Association of Transvaal (CAT) sends greetings to the Eastern Province Cricket Association and wishes its hosting of the S.A.C.B. Under 21 Tournament every SUCCESS.

It is at these tournaments that the best of our young cricketers assemble to display their talents, their skill and their maturity to cope with the best opposition under the auspices of the S.A.C.B. These young cricketers have reached an important milestone in their development of the game. The continuity of their success depends on various factors, that is, COMMITMENT, DISCIPLINE and PRACTICE.

Commitment towards non-racialism is not just a phrase that is even used by the S.A.C.B., it is a way of life. To believe in equality in all facets of life, whereby every person is equal before the law and God. There can be no differentiation on the basis of colour, creed and religion. There shall be equal opportunities for all. Remember, any commitment based on truth cannot be destroyed. Your commitment to non-racial principles and promoting sport must always be maintained.

Discipline is a factor which is easily neglected by many cricketers. Enthusiasm sometimes overrides discipline. Discipline in behaviour, respect for your fellow cricketers and humility can only enhance one's development as a sports person.

Practice your skills continuously and improve your technique. Physical factors play an important role to cope with any stress situation.

Finally, I would like to wish all the players participating, success in this tournament and in their future progress, not forgetting that they represent not only themselves but thousands of other players who are less fortunate.

Message from the President

Natal Cricket Board

AHMED KHARVA

I am extremely pleased to submit a message on the occasion of the South-African Cricket Board Under 21 Tournament. On behalf of the Executive, Officials and players of the Board, I extend our warmest felicitations and good wishes to the host unit, and in particular, to the organising committee.

The main thrust of my message is the player's role and responsibility in the non-racial sports struggle. It is foolhardy to ignore the belief that every player within the folds of the S.A.C.B. has a role to play in the struggle for non-racial sport in this country. One cannot ignore the fact that the struggle for freedom in sport is intrinsically linked with the struggle for freedom of the oppressed people in this country.

Basically, the role of the non-racial sportsperson is for him to identify himself with the aims and objectives of the South African Council of Sport. The non-racial sportsperson has a responsibility to himself, to the sport and to the national organising body. He has a responsibility to sell the concept of non-racialism to others, convince others to be dedicated, loyal and committed, and persuade the errant to return to the folds of non-racialism.

The S.A.C.B. is growing in strength despite the lack of major sponsorship, TV and news coverage simply because it identifies with the aspirations of the majority of the country's population.

I am amazed and flabbergasted at the multi-national companies and business corporations who are continuing to deny non-racial cricket a helping hand. This is even more galling when one considers that both our Under 21 and Under 16 S.A.C.B. Tournaments have no sponsorships whatsoever. Our parent body, S.A.C.B., therefore, has to draw on its own resources to promote and nurture junior cricket.

To our detractors, let me spell it out loud and clear, that there is nothing sinister in being non-racial. However, the reverse is true where racial sport for the exclusive benefit of one racial group is wrong and demeaning. I want to appeal to all the corporate giants and major companies - cut out the gimmicks and publicity bashing and get involved where it really counts.

To all the players I must stress a singular fact - much has been achieved in this country because of the standpoint of non-racial sportsmen, and whatever change or legislation is due primarily to their commitment and dedication. Let us not be impressed by a prejudiced and jaundiced media which purports to convey the truth. Let us not yield to the forces of coercion. Wear your colours with dignity and be proud of it.

To all participants, my very best wishes for a successful tournament.
