It is also significant that while on the one hand, Pretoria has  
shown itself to be in tune with and involved in  
international efforts to resolve regional conflicts, on the  
other hand it is mounting a violent effort to fight against Farce  
within South Africa whom seek peace through the elimination of  
the apartheid system is the main cause of the conflict  
in the entire region of Southern Africa. There are  
contradictory policies which the regime needs to reconcile.  
It will therefore make it impossible to expect the year that the

repeated to the fact that and adherence to international treaties

is to say the least very reassuring.

Nothing that we have said in 1971 must be taken away from the crucial  
importance of the negotiations and the need to see them  
succeed in their own right. However whatever method may arise  
from time to time"

Comrade chairman,

From the moment this 12th General Conference I, on behalf  
of my organization, wish to register our profound appreciation  
of the worldwide support we received from the international  
community on the occasion of the 70th Birthday of Our leader  
and colleague in 1971 Comrade Nelema Mandela. The youth and people of  
Zambia led by President Kenneth Kaunda in 1971 have also  
marked the occasion in a massive rally at State House. His  
Excellency Comrade President Kaunda, once again need the  
message to underline his deep commitment, as well as that of  
the Party, the Government and the people of Zambia, to the  
destruction of the apartheid system and its replacement by new  
democratic and political order free of racism, oppression  
and exploitation of man by man"

The main reason for the international community is the  
fact that further under the phenomenon of growth of the  
international solidarity movement against apartheid. What  
remains is to further hasten this international movement  
inter alia, by intensifying the calls for;

- a) The imposition of comprehensive mandatory sanctions against  
apartheid South Africa;
- b) The rendering of assistance by the international community  
to the Frontline States;
- c) All-round assistance and support for the liberation  
struggle.

Your Excellency, Comrade President Kenneth Kaunda,  
President of UNIP and of the Republic of Zambia.  
Honourable Members of the Central Committee of UNIP,  
Your Excellencies, Distinguished Heads of State and  
Government, and Foreign Delegations  
Distinguished Delegates to the 10th General Conference,  
Fellow Freedom Fighters,  
Comrades and Friends,

Cmmrade Chairmah,

Permit me in the first instance to place on record the  
eihcera gratitude at the 10th African National Congress For the  
invitation extended to me by the Central Committee of the  
United National Independence Party to be here  
share with the broad leadership of the people of Zambia this  
Pamphlet in the history of their Party and Country. 200\235 a  
moment made the more significant by the distinguished presence  
of a galaxy of Heads of States as well as delegations from  
many African and other fraternal countries.

today and to

allow me to convey warm fraternal greetings from the National  
Executive Committee and the entire membership of the QNC, at  
well as from the struggling masses of the people of South  
Africa to this historic 10th BENERQL CONFERENCE of the United  
National Independence Party. In this address we salute,  
especially our Brother and leader, the indelible figure of  
the Zambian Hero, the late Kenneth David Kaunda.

The 10th General Conference assembled at a time of great  
development and challenge for the continent of Africa. Both  
individually and collectively, we have achieved and  
internationally. With characteristic clarity and firmness  
political vision, President Huhda has outlined in his report  
to the Congress a vivid picture of these developments and  
challenges, demonstrating that only the further  
consolidation of the emancipatory struggle of the African people  
but also a radical improvement at the international climate  
heightening the prospects for Africa's peace and earth. Needless  
to say, these positive trends have been taking place in the  
face of the resistance by various international forces  
among them the apartheid regime in South Africa, whose war of  
destruction continues to wreak havoc in the region of  
Southern Africa.

Indeed, the catalogue of acts of aggression, economic  
destabilization and destruction must not be taken lightly in the  
region during the time we give the 7th General Congress  
is staggering. It is a fact that the devastation of previous  
years.
