DEBLQYMENT OE N.E.Q. MEMEERG

Intgoggctlgn:

The Chairpersons and Secretaries of Regions are automatically deployed alongside those NEC members who will be doing work in their regions.

In certain regions conditions might militate against door to door recruitment. Preference in such circumstances would be for house meetings which. would, in addition, be used. to target professionals etc.

Those comrades who are suggested for work withing the farming community would also have the additional task of attending to the professionals.
