Dear Comrade Tedd,

I refer to your letter of 20th September, 1989 which is well received today
We are grateful of your communication.

The computer institute where Jabulane was sent is not recommendable. According to the Secretary for Education the school is a private, profit making school which does not offer education of good standard.

Can we therefore refer the matter to our new Ambassador, comrade Shooter. We trust that he will provide us with a good school recommended by the Kenyan, Ministry of Education. I will copy you all correspondent in your respect.

When next you have time please contact the NSC Office in Mazimbu. They have a substantial reference material.

Yours in the Year of Mass Action for People's Power!!
