AFRICAN NATIONAL CONGRESS

of South-Africa
Afrikkalainen kansalliskongressi

20th August 1991

TO: 1) Dept. of International Affairs, ANC
2) International Secr., ANCYL

We have just learned that the youth wing of the Conservative Party here (also known as the National Coalition Party) travelled to SA last Saturday for a two week visit. It is not known who is hosting them but newspaper reports indicate they will meet "ANC, Inkatha, and white youth orgs."

We wish to advise that at no stage has this group, known as Kokoomuksen Nuorten Litto (KNL), been in contact with our office about this visit and its intent.

If it is decided to meet them then kindly send us a report on the discussions. We advise caution with this organisation which had previously tried, in cooperation with other conservative Nordic youth organisations, to arrange visits of Inkatha to this area. They are also amongst those within the Finnish Youth Council (SNT) agitating that the council broaden its contact with SA to include other youth organisations, particularly the Inkatha Youth Brigade and Afrikaner youth and student orgs.

Amandla!
