## OFFICE OF THE DEPUTY PRESIDENT

25 September 1992.

Rev Hans SA Engdahl  
Church of Swedish Mission  
Box 297  
S-751 05 Uppsala  
Sweden.

Dear Rev Engdahl,

We have been informed by Mr Eyington, the Headmaster of Waterford Kamhlaba, that over the last three years the Church of Sweden Mission has made generous grants to Waterford Kamhlaba United World College of Southern Africa to provide bursaries for black South African students to study there.

With this letter we would like to wholeheartedly recommend that your organisation maintains its level of support to this excellent school. In November of last year we were delighted to be guests of the school, invited to participate in their celebration of United World Colleges Day. We had a wonderful time in the two short days we were there. It was so gratifying to observe the rich educational experience students at this school are participating in and it was most moving for both of us as this was the first time we were able to see the school where some of our own children have been educated.

I would stress to you that Waterford Kamhlaba continues to strive to achieve "in microcosm" what we hope to build in the "New South Africa". It is certainly vital that young South Africans continue to experience this high quality of education for such students, we hope, will be the leaders of to-morrow.

I trust that your financial provision for this institution will continue and we give our full support for the work that is carried on there.

Yours sincerely

  
Albertina and Walter Sisulu
