Dear Dr Wilson

Thank you very much for your reply to my note and the suggested population screening program for cancer of the cervix. I would be very happy to answer any questions that you have and will be in Johannesburg on 9 August and then again on the 1st and 2nd September at the Cancer Workshop which we discussed with you. It would be difficult to answer all the questions telephonically but if that is the only option naturally I am available.

I look forward to hearing from you.

With kindest regards.

Yours sincerely

The University of Cape Town rejects racism and racial segregation and strives to maintain a strong tradition of non-discrimination with regard to race, religion and gender in the constitution of its student body, in the selection and promotion of its staff and in its administration.
