The Treasurer General.

RE- SWAZILAND EDUCATION COMMITTEE

I also received a copy of the unsigned letter referred to in your letter dated 9th August, but the only difference mine was signed by the education Committee Secretary Lindiwe Sibande.

It was also reporting about misappropriation of funds by Joyce. In order to give you a back ground of the problem I will send to you copies of minutes of meetings held in Swaziland.

This case as well as the general chaotic situation in Swaziland is under investigation. A report will be submitted after thorough investigation.

RE- LESOTHO PROBLEM.

A report just received from Bhonyo says that accounting by Cde Maroo was done, but Cde, Phylis was not satisfied.

I have written a letter to Cde Maroo demanding an explanation. According to Cde, Bhonyo the money was used during the crisis that followed the Lesotho Massacre.

These reports about monies in Lesotho must also be seen in the back ground of what is happening there now.

The letter I sent to you from Cde. Maroo is a clear indication of the fact that a situation similar to Swaziland is developing in Lesotho.

There are some elements who for reasons yet unknown are sent on creating misunderstanding among our people in the areas.

I will keep on sending reports from these both places.

Yours in the Year of United Action.
