Dear Comrade,

By this time you should have received : : : : copies of the Special Edition of the Progress Report for SOMAFECO. Will you please inform us if you have received your copies, and how many.

Will you please ensure that copies of the Progress Report are distributed to solidarity groups, donors and other interested parties in your area. Can you please let us have a copy of your distribution list.

You should also have received a copy of a slide show about SOMAFECO from AABN. This slide show is accompanied by a cassette of commentary. Will you please have copies of the slide show made and distribute it to solidarity groups for publicity purposes. It may be necessary for you to have the tape translated.

At the same time you should have received copies of a poster exhibition on SOMAFECO. These poster exhibitions should also be distributed. We suggest that they should in fact be sold to raise funds. Further copies of this exhibition are obtainable from AABN in Holland.

Will you please let us have feedback on this publicity material.

In the year of the cadre.

M.Tikly.
Director.
