Dr. Manto Tshabalala,

Deputy Seriretary for Health,

African National Congress,

. Daxbes-Balaam.

Dear Cde Manto,

3e: Jabulane Mtherhhua Ge rre Sebolai and Teddr Malome.

We hereby write to refute your statement to the facts that you allege in your letthr to Ode Milner Pibo copied. to us and dated 2131: March, 1984. In this letter you write concerning Ccites; Teddy and"? George that things just did not go according to phan. You say you took 111 and Manpower Development Department did not follow up the negotiations alriedy initiated with the rel event inst itut ion.

. The truth is the. negotiations were done very late. The depprtment of Manpower development followed up, by writing to the Permanent Secretary Mininstry of Healthhnd delieved the letter by hand so that the matter be processed promptly as we were adviced by the acting principal of the Medical School at Chainama. We send you a telex requesting you to arrange for donors. Your responged and assured us that you were doing so. 7er send another telex to Luanda requesting for certioates and reply came informing us that MalomIeS'," certificate was with Tedd Baholo and that you should request for it. Tie are still waiting for these docuhents so that we can present them to the Mininstry.

Should. you act and facilitate the matter by sending us yhe certificates, we would still see the officials concerned, but with out the certificates there is nothing Manpower Development can do or follow up.

ao-e

We hopekwill noteedispleasure about this allegation.

Amandla! Maaila!

. Masemola.

Administrative Secretary Manpower  
Development Department.
