The house looked into this questionLHouse accepted that something tangible  
must be effected as echoed by the chairman.This,it agreed upon that:

i)Target groups be clearly defined and personnel thereof known.

ii)Target groups to fall within three distinct group categories.

iii)Committee to draw up programme of mobilisation by working  
through departments and relevant structures.

iv)Committe to verify and know educational background of Dakawa

'community and that this statistical assessment of potencial

learners could be done in the form of a QUESTIONAIRE passed

througE departments and relevant structures.

Concern was expressed as regards socioepolitical inactivity of some wapdeke  
members of D.D.C community-epouses of some ANC members. House noted with A  
thal Adult Education has a key role to play at eradicating this error. The  
Cemmittee must particularly focus its attention on such target group.
