CIRCULAR TO ALL ANC MISSIONS 12 MARCH,1991

Dear Comrades

We are constrained to write to you on a matter which has become rather disturbing.

The Deputy President's office in particular and the office of the Secretary General, have been puzzled that matters pertaining to the BIA are being addressed to them for clarification and necessary action.

May we respectfully remind Chief Representatives, their re! deputies and other members of our missions that normal ' procedure in any organisation calls for communication, queries etc, to be addressed, in the first instance to the department concerned. We find it strange, therefore, that some Chief Representatives pezeiet in addressing cozzuuyuudencn to the offices of the Deputy President and Secretary General, and net to the department to which they are responsible to. DIA ie not even favoured with a copy of the letter, etc. We sincerly trust that this unhealthy and abnormal practice will come to an immediate end.

With many best wishes and warmest regards.

Yours in the struggle.
