Dear Mr. Kikaho,

Re: Your Ref: MRF. C.E 1/1

May I refer you to your letter of 27th January, 1987. Firstly we are exceedingly grateful for having accorded our man, comrade Lebogang all the help and facilities during his short stay at your establishment in January. He came back really highly impressed by the overall organisation of your establishment, his observation will help him effect some changes in the running of our piggery.

Since our arrival in Tanzania in 1961 as a liberation movement we have always and still continue to receive unshakable political support from the Party, Government and Tanzanians in the totality. It is not possible, as yet during the present phase of struggle to dismantle apartheid, to say 'thank you' to the people of Tanzania. To see the whole of Southern Africa own the rock-of-revolution, Tanzania, a big ASANTE SAANA! It was here in Tanzania, Kongwa district in particular that the strategies to dislodge the then foreign domination were formulated.

Comrade Kikaho let me say thank you for your consideration in having accomodated Petros Lebogang free. The African National Congress (SA) highly appreciates the solidarity contribution.

Lastly, we look forward to future exchange of visits to your establishments. Pass our hearty greetings to all who helped our comrade Lebogang.

Enclosed is a cheque: No C 063579 for 2 525/-

Dear Sir,

Re: PETROS LEBAKENG.

May I refer you to the discussion you had with two members of the African National Congress, comrades Mancie and Dennis who visited your project in October/November 1986. They have reported glowingly about the management of your project.

We are running a small piggery project with about 1 500 pigs. We do not as yet have people with relevant training to run this project. We are, therefore, asking your good office to kindly allow PETROS LEBAKENG to observe the daily management of the piggery section. We would be exceedingly pleased if he could be allowed to stay for a period of 2 - 3 weeks. We shall pay for the lodging and boarding expenses he would incur during his stay.

Looking forward to your further co-operation.

I remain,

Yours faithfully,

MEMO

TO : THE REGIONAL TREASURER
FROM: T.K MASEKO, ADMINISTRATION
DATE: 10/2/1987

SUBJECT: COMRADE PETRO LEBOGANG

The above comrade was sent to Mbaraki Rice Project in Mbeya to acquaint himself with the running of the piggery section in particular. He spent 15 days as reflected in their recommendation letter. As you can see from it, a sum of 1500/- has been waived as a contribution to the ANC during the training period.

We are, therefore, to settle the sum of 2, 525/-. I shall be pleased if you could make out a cheque.

Amandla!
