Dear Comrade Jacob,

Re; Milk production - DAKAWA.

With reference to your telex on this subject, please find attached herewith the estimated cost breakdown and the equipment required. Roland has been persuaded to consider funding. We reviewed the request with IARS SYLVAN and it seems a consensus was reached and a possibility of a further consideration taken. Joseph Johnson's input will be solicited by Roland, at their meeting in Nairobi, Kenya. Mr. Axelson need to be further persuaded particularly considering the agreement between SCC and SIDA on Sida funding in DAKAWA. All the same, he indicated that a worthwhile consideration taking into account the devotion of the two SCC comrades.

At the NOVEMBER meeting PLEASE raise it up.
