Dear Kristiina, 1 October 1990

In my telex I promised to give you further explanation about the periodical orders.

Here it comes:

Elsaquaria Beggstrom, representative of Africa Groups of Sweden Recruitment Organization (ARC) is now visiting Mazimbu and will leave for home tomorrow. ABC and Somajbo Library started a project about children's books, periodicals, music and video cassettes in 1987, but even now there is still some money left. ABC has agreed that they can pay for our periodical orders for next year. They were broad-minded enough to think that we don't have to separate the pEriodical orders into adult and children, since most of the magazines may also be read by the young people. Could you, therefore, send the orders we had meant to submit to the Blackwell's, to: I

Could you please also send us a copy of the newzorders for DakaWa/EOC libraries, since seemingly we didn't remain with any.

Most prdbably there will be an invoice from the Southern African Literature SOciety (EQJED later this year. It should also be sent to ARC, but I would like to see it before it is sent off.

M.S.E.P. Luthuli left for U.K. by Egyptair on Saturday night, and I hope he has now safely landed in London. I do wish his troubles are now over for a while.

I seem to be getting 3ld and even slower than before, but I really didn't quite understand your latest telex. If there are still financial problems, why don't you ask 200 000,- instead of 150 000,- as I have now suggested in several messages? Also I didn't understa;d which tilitys is missing. As for the 20 000,- sent here, we have only now been able to draw out some of it, and therefore we shall account for it a bit later. Will you be able to send more money here?

we have made big progress in having nearly finished the repair work of our archive section, at long last. Weehave also moved the archive material from upstairs to the archive section, and it looksxery neat and nice now. Of course, the actual organizatio of the material is waiting for the arrival of Nonlmluleko and. Ike, there will oertainl be no lack of work for them, poor devils:

I am enclosing a copy of Luthuli's ticket to UK, but I have told him to send the original via Canon Collins.

We are preparing for Mohamed's birthday tomorrow, it will be nice to sleep in the morning and then work without others disturbing around!
