The Department of Mechanical Engineering wishes to appoint an Associate Professor with expertise in the area of manufacturing engineering and production processes. The successful applicant will be responsible for teaching in these areas at both undergraduate and postgraduate level as well as promoting and conducting research in allied fields. The Department is committed to expanding its teaching and research activities in the manufacturing engineering area and the successful candidate will be expected to show the initiative and drive to foster this growth.

Appointment according to qualifications and experience, will be made within the salary range R66 540 - R84 180 per annum with attractive staff benefits.

Applicants should submit a full curriculum vitae and the names and addresses of three referees, not later than 1 November 1993 to the Appointments Officer, University of Cape Town, Rondebosch 7700 (tel: (021) 650-2192/2196; fax: (021) 650-2138; email: perapptebremner.uct.ac.za), from whom further information should be obtained.

The University of Cape Town is committed to policies of equal opportunity and affirmative action which are esSential to its mission of promoting critical inquiry and scholarship.
