Editor's Letter.

October, 1942.

My dear Girls, Past and Present,-

We have to reduce the Magazine this year to not more than 50 per cent. of last year's issue, so the Executive has decided to publish only the official School records of 1942, which we must preserve for your benefit; and the Old Girls' News Section, which is the greatest bond between the Old and Present Girls of Wykeham.

There are just one or two things, however, that I feel I must say to you all, albeit briefly. We have come through three years of great stress and distress, and as the tide of the war turns and the great Democracies swing slowly into their stride, many of us feel heartsore and weary, but we must still battle on and keep clearly before us those great ideals for which we entered the struggle. We must win the Peace this time as well as the War.

We have had many set-backs, as we were bound to do. since we were unprepared for this war. Many of you have now to do the work of father and mother, on the farms and in your businesses throughout the land; many have lost dear ones or had them taken prisoners at Tobruk, but read through the Old Girls' News and see how many are in like case and what they are doing about it. I feel proud when I read that Old Girls' News, and I think you will too.

At School the work must go on, but we are trying to further the War effort as much as we can in our spare time. We have a Naval Camp now in Maritzburg and we are trying particularly to make these men's stay in Maritzburg a little pleasanter for them by asking them into the School at recreation times, etc. You will remember, I expect, that I was in the W.R.N.S. during the last war, but I think we all realise what we owe to the British Navy in this country. When bandits are abroad it is inadvisable, to say the least of it, for the custodians of 80 per cent. of the world's gold supply to be completely undefended. If it had not been for the British Navy the situation to-day in this lovely land of ours might have been a very different one. Like several other Natal schools, we have adopted a little ship, the "Simbra," and are working to provide its crew with comforts, though this project is as yet only in its inception.

My experience is that if you ever help the Navy you find that you receive back in service three-fold what you

give, whether you want it or not.

I cannot tell you all the repairs and painting and refitting that has already been done for us in the School by these lads. I think one of the great results of this war on the spiritual plane is this wonderful spirit of friendliness and mutual assistance everywhere.

One event of real importance in the history of the School too I must mention, which cheered me very much at the time, for as I get older I needs must become more interested in the future of the School when I am gone.

At the Annual General Meeting on April 26, 1942, the Old Girls opened a Wykeham Trust Fund to buy out the

proprietary interests in the School, and set Wykeham up on a Public School Foundation. Our Fund stands at £21 16s. 4d. to-day and we need £1,800, but we have made a beginning. Sheila Cockburn and a group of Old Girls are now rehearsing an entertainment to raise funds for this object, though of course we must share the proceeds with War Funds until Peace comes again.

I must not write more, but I do wish you all the "courage and high hear ed happiness" that Robert Louis Stevenson preached and practised so consistently. It has carried the people of our Empire through many a time and oft and will, I am sure, on many future occasions.

With love and every good wish to you all,

Yours affectionately,

DORIS E. MELLOR.

TENNIS.

Wykeham came fourth in the Lyle Tennis League in December, 1941. The trophy was won by Girls' High School. The Smythe Trophy Tournament was cancelled this year on account of the War, as was the Inter-town Tournament. J. Armstrong, J. Perkins and A. Stainbank represented Wykeham at the trials in March, 1942.

Miss Campbell and Miss Lusty worked hard with the teams this season, which certainly seem improving. Beryl Calverley won the Junior Championship of Zululand at Eshowe in July, 1942. Anne Stainbank won the Boyd-Varty Trophy and Crookes' Racquet for the second year in succession in June, Joy Perkins being runner-up for both. The Chandler Cup was won by Anne Johnson. Rosemary Rodda ran her up.

The Junior House Tennis was played on the 5th Scptember, 1942, giving a lead of 31 games to Mackenzie House. The Senior matches were played off on September 26th, Mackenzie winning with 127 games. The final result was: Mackenzie, 246 games; Green, 182; and Moore, 112.

Colours were awarded in June to Anne Stainbank.

We have to thank many good friends again this year for interesting themselves in our tennis, particularly Mr. C. Turner and the Director of Education, who lend us their tennis courts, and Mr. A. C. Mitchell, who arrange tennis practices from time to time on his court.

HOCKEY.

The results of the Hockey this year were, on the whole, disappointing. The teams have to learn to combine before they can hope to achieve a really high standard of play. Wykeham gained sixth place in the Hockey League. In the Carnival, chiefly owing to Miss Lusty's untiring efforts, we managed to gain a third place.

Mackenzie House won the Saville Cup on September 19th. Colours were presented in October to M. Graham.

SWIMMING.

The standard of Swimming this season has not been as high as last year's. Many of our best swimmers left in December, 1941, though we welcomed some promising newcomers.

The Pietermaritzburg School Swimming Association certificates gained this season were : 5 first class honours, 4 first class, 24 second class and 23 third class. June Armstrong was awarded swimming colours.

At the Seals' Gala held on February 27th, 1942, the Wykeham team entered for the 200 yards Women's Team Race composed of M. Graham, N. Garland, N. Fowler, J. Armstrong, Individual points in the heats were won by J. Anderson, P. Dunbar, J. Armstrong (breast-stroke) and R. Rodda (crawl).

The Annual Inter-house Gala was held at the Open Air Baths on March 9th, 1942. Mackenzie House, for the first time in eight years, won the House Cup with 84 points; Moore, 77 points; Green, 31 points.

Mrs. Earle kindly presented the cups. The Earle Cup was won by Nora Fowler and the Shoolbred Cup by June Armstrong.

Some of our stronger swimmers took part in the South African Women's and Junior Swimming Championships Gala on March 14th. J. Anderson came third in the 50 yards Women's Handicap; R. Rodda and W. Surgeon second and third in the 50 yards Handicap for girls under 14; B. Weber first and M. Graham third in the 50 yards Women's back stroke Handicap; P. Dunbar third in the Women's 50 yards breast stroke Handicap. The Wykeham B team came third in the Girls' Inter-School 200 yards Relay Handicap. The winner was G.H.S.

The 17th Annual Inter-School Swimming Gala was held at the Open Air Baths on the 21st March, 1942. Wykelam lost the Senior Shield to G.H.S. The following girls represented the School in the Senior Relay race: J. Armstrong, N. Fowler, M. Graham, N. Garland.

Our Juniors did well in some of the junior events, E. Coles, E. Talmage, R. Skelton and B. Weber gaining places.

June Armstrong represented Maritzburg in the intertown race against Durban Seniors, and the team was successful. Life saving was started again this season, but no certificates were taken.

Miss Campbell succeeded Miss Patterson at the beginning of the year as Sports Mistress, and much of our success was due to her untiring efforts and cheerful inspiration.

JUNE ARMSTRONG, Swimming Member.

GYMNASTICS.

The Gym. in the School has kept up its good standard throughout the past year, owing to the unsparing efforts of Miss Campbell, and Miss Lusty, who arrived from England in May to take her place as Sports Mistress. Mrs. Allan's cup for gymnasium was won by Green House from Mackenzie, who had held it for seven successive years.

Gym. colours were awarded to Joy Perkins in July.

J. PERKINS.

SHOOTING.

stake over Miss Roed's work till

The high standard of shooting is being well maintained. In December, 1941, Shirley Smeaton and Anne Broome were awarded their colours. The Becker Cup and the Shooting Prize went this year to Penelope Jerome, with Pamela Carter as runner-up.

As a consequence of the war, no girls' schools are allowed to compete for the Imperial Challenge Shield, and we have only one remaining case of ammunition, which we cannot hope to last us longer than the end of the year. However, we should like to express our gratitude to Mr. Loney for his invaluable teaching and encouragement.

P. JEROME, Shooting Member.

GUIDES.

Towards the end of May several girls who belonged to the Lone Guide Company were very keen to start a Guide Company again at Wykeham. Miss Mellor gave them permission to attend the gathering at Wembley to welcome Lady Baden-Powell, who encouraged them to start the Company again. At the beginning of August Dorothy Back aguse, an Old Girl, offered to be our Guider, and has arranged weekly meetings on Sunday afternoons. We should like to express our gratitude to her for her help and encouragement this half-year, and also to Mrs. Vera Bird, who helped considerably with the preparatory work in June

Concerning Old Girls.

News of the Old Girls.

Ablett, Enid (Mrs. Wroughton) is now a commissioned officer in the S.A. Women's Auxiliary Air Force, and in the last year has been posted to Bloemfontein, Pretoria, Witbank and Gordon's Bay. She was O.C. W.A.A.F. Details, and O.C. W.A.A.F. Camp at the Crash Boat Wing. Lately she has been posted to a "hush-hush" job in the Coastal Area Command in Capetown, and so has been able to rejoin her husband, who is doing a war job there.

Alexander, Marjorie, is werking in the Public Health Department at Salisbury in connection with the health clinics.

Allan, Terry (Mrs. Bredin), spent a few most exciting days with Dulcie Arnott (Mrs. Foster) and Nancy Herring (Mrs. Cullen) last October, when they went to Durban to meet their husbands on their return on leave from Egypt. At the docks they met Myra Handley (Mrs. Stride) and Doreen Fynney (Mrs. Pollock) meeting their respective husbands. In June, Terry and Dulcie Foster again spent a few days in Durban together when they went to see their husbands off to Madagascar, and on this occasion they bumped into Memory Woods (Mrs. Otto) seeing her husband off to the same destination. Jessie Harwin (Mrs. Howarth) went to see Terry when she was staying with Dulcie Foster this year. Lesley became engaged in March this year to George Faull, Government Veterinary Officer at Ixopo, and has just been married. She spent April on holiday in Capetown, where her husband's people live.

Amos, Vera (Mrs. Morford), distinguished herself this year when she tackled a native burglar in the early hours of the morning. She chased him into a backroom and three times caught hold of him and grappled with him, finally being dragged along the garden path holding on to him. He was finally arrested under the house. Vera still carries on her work, and last year she and Irene (Mrs. van der Poel) acted as hostesses at a Christmas tea party which was given by Mr. Amos to members of the S.P.C.A.

Anderson, Ivy, is a Sister at Oribi Hospital. Elsie (Mrs. Chapman) is working at Tatham, Wilkes & Co. Timber Street, Maritzburg.

Arbuckle, Sheene (Mrs. Munro), after being nearly blind again, has had two operations performed on her right eye and can now see as well as she did two years ago, to her great delight. In the last two years she has managed, nowever, to do a lot of knitting, her score being six polo pullovers, three jerseys, eight Balaclava mufflers, and 125 pairs of socks, so, as she says, there is life in the old girryet! She has seen Margaret Roseveare and says she is just the same as ever. Daphne is now working in Maritzburg for Advocate Knox, and still carries on her work for war funds. She produced a very big show in the Maritzburg City Hall, called "Calling Seven Seas," in aid of the Navy League and the Nederlands Navy.

Arbuthnot, Eileen (Mrs. Chadwick), and her little daughter are well. She recently spent a month's leave with her husband at Potchefstroom. Natalie Fannin (Mrs. Juul) picked up a message for her sister Mildred (Mrs. Bolton), trom her prisoner-of-war husband, broadcast from the Rome Radio Station, and sent it on to her, not having any idea who Mrs. Ted Bolton was, until, in her reply, Mildred sand she had been at Wykeham, and asked whether Natalie had been Natalie Fannin who used to go to Wykeham! Mildred's husband was in the U.M.R. and was captured at Tobruk.

Arnott, Natalie (Mrs. Shewan), is President of the Highflats Branch of the S.A. Red Cross. They made £460 at a Bazaar at Highflats. Like all the Arnotts, she is most public-spirited and is always helping at "Bring and Buy" Sales and other functions to raise war funds. Her husband is a splendid neighbour, helping Olive Walker (Mrs. Harris) to run the farm while her husband was up North. Shei'a

Mrs. Peddie) has a new baby son, who was born in July. Phemie (Mr.s B. Peddie) is kept busy by her growing children, but found time to help with the big War Market which was held at Umzinto in October, and made £1,270. Dulcie (Mrs. Arnott) has a very new baby son, who was born in October. Her little daughter Fiona was flower girl at Sheila Crookes' wedding. Dulcie is alone again now that her husband has been sent to Madagascar, after having come back last October from Egypt. Flo (Mrs. Gray) has a little son (Edmund Atholl) who was born last December. Mavis is kept busy running the store at Highflats while her brother is at the front, but she still finds time to ride and play golf.

Backhouse, Dorothy, is working for her father, and is a member of the Entertainment Section of the S.A.W.A.S. She often helps at concerts. Recently she and Shirley Brown, a member of Form VIb and ex-Lone Guide, have started a Girl Guide troop at Wykeham again, in response to a special appeal from Lady Baden-Fowell. Meetings are held at Wykeham on Sunday afternoons.

Bangley, Phyllis (Mrs. Goldwater), lost her eldest son, John, this year in tragic circumstances. She and her family are back in their home in Durban now, after spending six months at Umkomaas, and Phyllis is teaching at the Durban Boys' High School, releasing a man for active service. Peggy is still teaching at Benoni High School.

Banks, Winnie, turned to and helped out at Wykeham at the end of the June quarter, when Miss Abbott-Smith was ill, by teaching some of the senior pupils. Her help was greatly appreciated, more especially as she was very busy and ill able to spare the time.

Barns, Sheila (Mrs. Cockburn), is living at Scottsville with her father, as her husband is now a padre with the Forces up North. She has recently come on to the W.O.G. Executive, and acted as hostess at the dance on September 23rd. She is also producing a series of entertainments at Wykeham to raise money for the new Wykeham Trust Fund and for war funds. Her husband was recently down on leave. She still keeps up her singing.

Baynes, Dorothy (Mrs. Finlay), after nine years in Salisbury, has now moved with her husband to Staple Forest Reserve, 30 miles from Umtali. There is good trout

fishing there. Her husband has not been conscripted owing to the valuable work he does in connection with the production of crossote and timber.

Beater, Vivienne (Mrs. Haw), was teaching Botany at St. Anne's until June. She and her husband sold their farm at Merrivale with the intention of going to Kenya to farm, but while waiting for the necessary permit, they were persuaded instead to go and run the family farm 27 miles from Mooi River. Her little boy, Julian, was very ill with pneumonia last February, but M. & B. pulled him through. Leila is now completing her second year B.A. at the N.U.C., majoring in Fine Arts and English. She plays hockey and swims for the Varsity and was helping for some time with swimming coaching at Wykeham. She took part in the Old Girls' play.

Beattie, Dorothy (Mrs. Rose), is still working in her mother's business (The Kokstad Advertiser) as bookkeeper, etc. Her children are both at school and are growing up fast, the eldest 12 and the youngest eight. Dorothy is still a keen golfer and very successful too—she again won the club championship this year. She finds golf and sewing for herself and the children is about as much as she can manage, so she has given up tennis now.

Beaumont, Julie (Mrs. Woods), who is a Sergeant in the W.A.A.F. in East Africa, was married at Nairobi in March to Lieut. E. O. Woods, who is in a British regiment. It is rather a coincidence that her husband was educated at winchester.

Becker, Joy, has married again, and is now Mrs. Dalton. Her husband is in the Army and she is living in Johannesburg.

Behrmann, Beth, has finished her degree course at Rhodes and is doing her Higher Diploma at the N.U.C. She has joined the Red Cross and has passed the First Aid and Home Nursing exams, as well as a Hygiene exam, in which she and Sheldine Dixon were two of the six who passed out of 20. She also does fire fighting in the C.P.S., and helps with the swimming coaching at Wykeham.

Beiles, Doria, has also gone in for First Aid and Home Nursing in Johannesburg, where she is working as shorthand typist for Rand Mines Ltd. She spent her leave this year at Cathkin Park.

Bennett, Barbara (Mrs. Cope), was married a year ago, and had Sheila Crookes (her sister-in law) as one of her bridesmaids. She is now living on the next farm to Sheila's home. Joan (Mrs. Byas) was in Maritzburg in June. She has moved from place to place with her husband and had a flat in Pretoria for two months, when he was an Air Force Instructor at a camp near by.

Bennett-Davis, Mollye, became engaged early this year to Lieut. Kenneth Ross Munro. She is on the nursing staff at Addington Hospital, Durban.

Bernard, Grace (Mrs. Turner), spent a holiday in Jury with the family at St. Michael's-on-Sea. She helps at the Navy League Canteen in Johannesburg, and sees several of the Johannesburg Old Girls from time to time. Dorothy is at the Medical School, doing her second year in massage. She is the proud aunt of a lovely niece of five months old.

Black, Jean (Mrs. Line), broke her leg at the beginning of the year, but has quite recovered now. Janet is still housekeeping for her mother in Maritzburg and helps forward the war effort, and plays tennis in her spare time. May (Mrs. Lindsay) has Lilian at home again now, help ng with the running of the farm.

Blacklock, Maisie, had her portrait painted this year by the well-known artist, Natalie Nash. The portrait was among those exhibited at the Red Cross Caledonian Market in Durban in December last year. She is working at Naval Headquarters.

Blackhurst, Dr. Avalon, after working in the gynaecology section at the King Edward VIII Hospital in Durban, went on to Johannesburg to study ear, nose and throat at the General Hospital, Johannesburg. From all accounts she is an excellent doctor.

Blakeway, Joan, nursed her mother when she was ill this year. She does private nursing in the district and helps at the local hospital. Clare leads an interesting life in Durban. She helps at the Victoria League Canteen and does a lot of dancing. She was to have joined her family at Port Edward, but the Revenue Office was so short-staffed that her leave was postponed until August.

Boast, Gladys, has joined up and is in the Signallers, stationed at present at Roberts Heights. Patience (Mrs.

McCarter) now has a son in the Army, her eldest boy, Michael, who is 17, has just joined the Artillery after training in the Youth Brigade at Potchefstroom. The baby is walking now. Ismay (Mrs. Gordon) has had a trying time since the last magazine was issued. Her husband was taken prisoner by the Germans at Sidi Rezegh and is now in a prisoner-of-war camp in Italy, and recently she has lost her mother. We offer her our deep sympathy.

Boddam, Betty, was staying in Weston-Super-Mare when the big air raid took place there in June this year. She was then expecting to be called up for national service.

Booth, Merle (Mrs. Lark), was married in Capetown in January to Lieut. Rex. Lark of the Gold Coast Regiment. He is now on service up North and Merle carries on with her singing, and had made quite a reputation for herself in Durban.

Bradbury, Clarice (Mrs. Lyle), is helping her mother to run the Ingogo Hotel, near Newcastle, while her husband is up North.

Brereton, Ruth (Mrs. Evans-James), has her daughter, Daphne, nursing now at Grey's Hospital, while the other daughter, Audrey, has just become engaged.

Brickdale, Margaret, has gone to Simonstown with her parents, as her father, Lt. Commander Brickdale, has been appointed Secretary to the Commander-in-Chief there.

Broome, Dr. Mary, is back at work as Assistant M.O.H. in Capetown, after being ill. Her son is at boarding school. Sonia was very tragically killed in a motor accident in December last year when on her way with her mother to She had just finished the second year of her Rhodesia. Radiology Course at Witwatersrand University and the Tutor to the Women Students there wrote of her to Miss Mellor: "What we admired were her radiant qualities, her honesty, her sturdiness and her courage. She was on the way to being a splendid woman." Ann had our deep sympathy, as she was just about to sit for the Matric. when the accident happened. She later won a bursary to the Art School in Durban, where she is thoroughly enjoying her work now. She still swims a lot, and was chosen to represent Natal in the South African Championship in March.

Brown, Molly (Mrs. Ross), is now living at Ashley

Grange near Merrivale, and she goes over every Sunday to play tennis with Nancy Shaw (Mrs. Lund). Peggy is still working for her father in Maritzburg, and waiting for the end of the war, when she will be married.

Browning, Zoe, is still working in Greytown, and plays a lot of tennis and hockey. She belongs to the Greytown S.A.W.A.S., and still corresponds with Ruth Forrester (Mrs. Darby). Zilla is still working for Nel & Stevens in Greytown.

Bull, Winnie (Mrs. Drummond), has a baby daughter, who was born in February.

Burnett, Margaret (Mrs. Evans), was down from Rhodesia in November last year, when she and her three children stayed with Sheila Crookes (Mrs. Bennett). She was busy, when Sheila last heard from her, making toys for a war bazaar.

Butler, Doris (Mrs. Jones), is one of the Bachelor Girls' dancing troupe which does much to raise war funds and to entertain the men of the forces in Durban.

Button, Hazel, will be writing her B.Sc. Final at the end of this year. She plays a good deal of tennis and belongs to Sister Buttery's First Aid Squad at the N.U.C. C.P.S. Post.

Buston, Eileen, is Head Cashier at the Bank in Paiguton, where she is doing a man-size job and taking the strain of the work and the late hours very well. She had a holiday at the end of June, and spent it picnicing and bicycling round the country lanes. She and Ethna (Mrs. Perry-Hook) have our sympathy in the loss of their father. Ethna is living at home, as her husband is at sea, though she sees him occasionally. She and her grandfather look after the garden and, besides this recreation, she works for the women's Voluntary Service, the British Legion and the A.R.P., and does the cooking! She writes most interesting letters and always enjoys getting the magazine. Of the last one, she wrote: "I'm filled with admiration at all the splendid work being carried out by past and present girls, and proud to be allowed to call myself one of their company."

Byng, Judy (Mrs. Duncan), has moved into her own house in Durban, and still keeps up her painting. Mary left Wykeham in December last year, having finished her

Commercial Course, but we have no recent news of her. Norah still works in the Johannesburg Municipal Library.

Calverley, Doreen, is enjoying her work very much, though she was sorry when Mr. Turner, Lynette, Sheila and Hilary's father left their office for Benoni. She often sees the Turners and Bunty Cox.

Campbell, Dulcie (Mrs. Davis), is Commandant of the V.A.D. Detachment at Potgietersrust. She is a trained nurse, and relieves the Matron for her annual leave and at week-ends. Cherry (Mrs. Sclater), besides looking after her own three little girls, is also caring for a three-year-old little boy whose mother was killed in England during the blitz. She is running the farm for her husband, who is now stationed at Oribi.

Carbutt, Bym (Mrs. Bromley), had Trixie (Mrs. Landley), with Pam and Judy, to stay with her for Christmas. She is kept busy with canteen work and knitting. Trixie is running the farm with the help of a manager. Her husband was taken prisoner at Tobruk. In August she had Bym staying with her, and they came into Wykeham once or twice. Bym's son has joined the Surveyor's Corps and is at Ladysmith. Sheila (Mrs. Blyth) has a little son, Robin.

Catherine, Helene (Mrs. Helberg), was married in April, and had her wedding reception at Wykeham. She went to Ladysmith to live, and Wyndom took her place on the staff at Cordwalles. The latter is a member of the w.O.G. Executive. Helene has taken up golf and joined the S.A.W.A.S.

Chandler, Mabel, was staying with Alma Lauer early in the year, when Joan Tipper saw them both. In May and June she was on holiday. She does a lot of St. John's Ambulance and canteen work in her spare time. She works in an auditor's office.

Chaplin, Denise, is very happy doing Social Science at Rhodes University College, where she is with Suzette Cooper. She is interested in the Dramatic Society and in the Social Studies Group, as well as in the Debating Society, which is ably run by Roy Gathorne, who is a Wykeham grand-child.

Chard, Marjorie (Mrs. Tarr), when we heard from her in April, was doing munitions work, and found the work

very interesting. Her husband had then just returned by plane from a trip up North.

Chiazzari, Doonan (Mrs. Gethin-Jones), works at the Seamen's Institute Canteen in Durban. Like many other Wykeham Old Girls, she has had a very anxious time this year, as her son was taken prisoner a day before Tobruk fell. She often comes to Wykeham to see her daughter, who is there. Sheila (Mrs. Featonby-Smith) is working full-time now in the Motor Transport of the W.A.A.S., and is stationed at Clairwood Camp.

Chilvers, Janet, is one of those people who always manage to be doing something interesting. In April she wrote that she was working hard at Mr. Boswell's Animal Hospital, doing 10 hours a day, six days a week and two hours on Sundays. She rode every morning from 6.30 to 8 to keep fit and in training for the show, in which she was riding in nine classes. Later in the year we read in the newspaper of how Miss Janet Chilvers, a visitor from Johannesburg, made a plucky attempt to save the life of an aircraftsman in the RA.F., who got into difficulties in the river mouth at Isipingo, and was drowned. Janet tried to reach him with a rope, but was washed on to the rocks on the north side of the mouth. In September, Janet was working in the Orderly Room at the W.A.A.F. Camp at Valhalla, and was expecting a transfer to Durban. She had been painting posters for dances, printing hygiene notices and doing leatherwork orders. She has our deep sympath, in the loss of her elder brother, Alan, at Sidi Rezegh.

Clarence, Eva (Mrs. Butt), is working at T. S. Taylor's in Maritzburg.

Clark, Sylvia (Mrs. Battcock), is still living at St. Alban's, England. Blyth had the most amazing experience this year. She became engaged early in the year to Dr. Jacobs, of the Rockefeller Institute of America, and sailed in mid-February for the United States to be married. On April 1 the ship was torpedoed, and she was among the survivors who spent 13 days in a lifeboat before they were picked up. To begin with, there were between 30 and 40 in the boat, but only 11were alive when they were rescued, and six of these died later in hospital. Blyth landed in America with nothing but her St. Christopher medal round her neck—clothes, tronsseau, everything was lost. She spent a long

time recuperating in hospital from her dreadful ordeal, but wrote quite cheerfully to her parents all the time. In October we heard that she was out of hospital and convalescing at a Y.W.C.A. Hostel. She had still not quite recovered the use of her feet, which were completely numb for weeks from exposure.

Clayton, Beth (Mrs. Elliot), is working in Maritzburg as receptionist to Dr. Basil Peters.

Clements, Lorna, is working for Fred Nicolls Proprietary Ltd., Boatbuilders, at Maydon Wharf, Durban. She is engaged to Flight Lt. Anthony Clark, R.A.F., the son of Professor Clark. He is in England doing radio work with the R.A.F. Lorna is living with her people in Durban, and is a member of the Berea Tennis Club and of the Bachelor Girls' Club.

Clowes, Dorothy, is teaching music in Maritzburg, and is kept very busy. She is no longer playing for dancing classes at Wykeham—she is too busy teaching.

Cole, Betty (Mrs. King), had a game of tennis with Joyce Fann (Mrs. Marwick), when the latter spent a weekend at home.

the Cipher Department, stationed at George. Rita (Mrs. Baikie) is still fond of gardening. Her son has left school now and is helping his father to run the farm. Marjorie (Mrs. Harries) was looking very well when Mary Graham saw her in April.

Connolly, Pat (Mrs. Booysen), and her husband are living with Yvonne McCullough in Alexandra Road.

Cooper, Betty (Mrs. Lewin), is still in Johannesburg, where she had Suzette to stay with her in February. The latter is majoring in Botany and Zoology at Rhodes University College, and thoroughly enjoying life there. She plays hockey, swims, and is also keen on dramatics and debating.

Cowley, Heather (Mrs. Mills), was married in Addis Ababa to Capt. Bernard Scott-Mills of the Ethiopian Army on July 31st. They have a little house in Addis Ababa, but as Heather is still serving with the F.A.N.Y.S. and is stationed at Harar, over 300 miles away, she doesn't often

see the house. She had Union leave last April and came home to Kloof. It was wonderful, she says, to be in South Africa again after so long in Ethiopia, though she loves it there. As she had only 10 days' leave, it wasn't possible for her to see all the old friends she would have liked to. Her husband is an international horseman, and after the war they plan to train horses in America.

Cox, Betty, is still living at the Ansonia Hotel with her father and mother. Mabelle (Bunty) has a good post in the S.A. Press Association, and likes the work very much. She spent her holiday in December at Karridene, playing lots of golf, and on the wav back called in at Maritzburg and looked up her old friends and colleagues, including Veronique Merrick, who was able to tell her all the latest Wykeham news. She is still playing bockey for Wanderers, and has taken up Red Cross and C.P.S. work. Her father died suddenly on September 18th. She has our deep sympathy.

Crompton, Natalie (Mrs. Phelps), is now a member of the W.O.G. Executive, and helped with the Old Girls' Sala and Entertainment. She is now living in Loop Street, and when her time is not taken up with her little girl, P'enelope, she drives convalescent servicemen to the cinema and often entertains men from Oribi Hospital at her home. Her brother Cyril is a prisoner of war in Italy; he is in Camp 35, and she would like to contact anyone else who has a relative in that camp.

Crookes, Rose-Ella (Mrs. Waring), is President of the Women's Institute at Umzinto and is an excellent Chair woman, and sees to it that the business part of any meeting is brief, sufficient and to the point. She spent a holiday in Johannesburg while her husband was on a N.R.V. Officers' Course at Roberts Heights. She, Ivy (Mrs. Gillatt) and Doreen (Mrs. van Rooven) all helped with the big War Market held at Umzinto on October 3rd. Ivy has organised several very successful efforts for war funds. Violet (Mrs. Povnton) has a lovely baby daughter, Gillian, who was born on January 17th. Her second daughter, Shirley, was a flower girl at Sheila's wedding. Doreen (Mrs van Rooyen) is now keeping house for her father at "The Cedars." She was matron-of-honour at Sheila's wedding, while her little daughter, Elizabeth, was the youngest flower girl.
