Dear Mr Chapman,

Thank you for your letter Ref WL/C12117 dated 17th January, 1989, regarding queries received from the Inland Revenue. The answers are as follows :

(1) I confirm that my main source of income is from my directorship of Luthuli Cultural and Welfare Services (UK) Limited. In fact, although I had my name restored to the Bar List etc when I returned to this country in 1987, I have not yet taken on any cases at the Bar and have not, therefore, received any income from that source.

(2) My house at 3, Hendale Avenue, London, NW4 4LA, bought in September 1977, was occupied rent-free by my three children from that date until my wife and I returned permanently to London in May, 1987. The house has never been let to rent-paying tenants.

(3) No part of my employment with the United Nations was performed during visits to the United Kingdom between 1977 and 1987. My contract of employment with the United Nations provided for 6 weeks paid home leave every 18 months. We usually came over here for Christmas with the children every other year. No paid employment was undertaken during such visits.

Yours Sincerely,

N.M. Masemola.
