save sinae been ' armed by the ANu chief Repr esentative in Japan,  
xde J3brv Matsila, tget you have acquired the taro master copies of  
Amandla recordings from Melodia Recording uompanv in Moscow. We would,  
1.,I pref er that, instead of reproducing the master copies as they  
' a selthlon of tracks from the masters be made and the  
tr aeks be remixed into a single album.

1 we would be prepared to send someone to assist you with the  
s 0, selection and-remixing -- as well as furnish ypu with the  
as you requested.

May I also remind grou that since our far Eastern tour will take us to  
Singapore and Malaysia, marketing 0: this album takes that on board.
