To President Oliver Tambo  
London

Dear Comrade President,

The National Executive Committee of your organisation, the African National Congress, salutes you on behalf of the entire membership, including the glorious contingents of Umkhonto we Sizwe, and our embattled people on the occasion of your 73rd birthday.

The organisation you have served so long and so faithfully has brought the oppressed majority to this crucial moment in the history of South Africa,

Your physical absence from our ranks is profoundly felt, but your vision continues to inspire every one of us.

You are in our thoughts, our prayers and our hearts.

Together with the millions of our people we anxiously await the day you return, when you will march shoulder to shoulder with us on the soil of our motherland into the new dawn.
