

SOLOMON MAHLANGU FREEDOM COLLEGE

Geography project for organisations, groups and schools.

Quote project :

INTRODUCTION .

The African National Congress founded this education institution for two main reasons : to develop an alternative to the racist education system and prepare our youth for the struggle for a just and democratic society in South Africa.

Our teachers also have to cope with the poor academic background of our pupils. To do all this, they need adequate equipment.

The following visual aids would greatly assist in the teaching of Geography. They could either be bought commercially or made by a working group. For example, they can make slides from pictures, prepare overhead foils etc.

Basic requirements :

Colour slides about geography

Setters showing :

Natural regions of the world

Environments

Crops produced

Livestock produced

Forestry

Fishing

Textiles produced

Energy produced

Mineral production

Transport industries

Manufacturing industries

Different countries

etc.

NOTE : we especially need slides on all the topics which relate to South Africa.

Overhead projector, transparencies (foils)

Showing outline maps of the world-the continents-the oceans-countries

Once the project outlined as above has been adopted, the group concerned should contact the school to work out the details

GEOGRAPHY/AGRICULTURE PROJECT.

WEATHER STATION.

The AFRICAN NATIONAL CONGRESS founded this education complex for two main reasons: to develop an alternative to the racist education system and prepare our youth for the struggle to build a just and democratic South Africa. Our teachers also have to cope with the poor academic background of our students. To do all this we require adequate equipment.

A weather station would provide:

- a way to train students to observe and record systematically
- present and analyse data
- generally encourage students to have a scientific outlook and disciplined habits.

Basic requirements:

1. Weather station suitable for high school use
2. All necessary spare parts and instructionbooks for above
3. One extra barometer
4. Six extra maximum minimum thermometers

Please note:

Once the project as outlined above is adopted, the school should work out the details with the group concerned.

ACTION UNTIL VICTORY

FEBRUARY, 1983

GEOGRAPHY PROJECT FOR SCHOOLS, ORGANISATIONS, GROUPS
AND INSTITUTIONS

PROJECT NO: SA/SWE 301 WEATHER STATION

THE AFRICAN NATIONAL CONGRESS FOUNDED THIS EDUCATION COMPLEX FOR TWO MAIN REASONS: TO DEVELOP AN ALTERNATIVE TO THE RACIST EDUCATION SYSTEM AND PREPARE OUR YOUTH FOR THE STRUGGLE TO BUILD A JUST AND DEMOCRATIC SOUTH AFRICA. OUR TEACHERS ALSO HAVE TO COPE WITH THE POOR ACADEMIC BACKGROUND OF OUR STUDENTS. TO DO ALL THIS WE REQUIRE ADEQUATE EQUIPMENT.

A WEATHER STATION WOULD PROVIDE:

- A WAY TO TRAIN STUDENTS TO OBSERVE AND RECORD SYSTEMATICALLY
- PRESENT AND ANALYSE DATA
- GENERALLY ENCOURAGE A SCIENTIFIC OUTLOOK AND DISCIPLINED HABITS.

BASIC REQUIREMENTS:

1. WEATHER STATION SUITABLE FOR HIGH SCHOOL USE
2. ALL NECESSARY SPARE PARTS AND INSTRUCTION BOOKS FOR ABOVE
3. ONE EXTRA BAROMETER
4. SIX EXTRA MAXIMUM AND MINIMUM THERMOMETERS

PLEASE NOTE:

ONCE THE PROJECT AS OUTLINES ABOVE IS ADOPTED, THE SCHOOL SHOULD WORK OUT THE DETAILS WITH THE GROUP CONCERNED. PLEASE WRITE DIRECT TO: THE PRINCIPAL, SOLOMON MAHLANGU FREEDOM COLLEGE.
