Dear Comrade Mlonyeni,

RE:- ASSISTANCE FOR DR HAGGAR'S MOTHER AND CHILD.

Warm revolutionary Greetings.

This Office has received a letter from Dr Hagggar, dated 25/02/90, complaining about failure by your Office to maintain his mother and child who are based in Bulawayo.

This situation shocked us, in view of the fact that delegations from M.H.Q. have met with the Chief Representative in Harare to discuss this matter and the Chief Representative gave assurances that the matter would receive urgent attention.

Following the delegations a letter was written on the 4th of December 1989 pursuing the same issue, no formal or written response was ever received other than verbal promises and assurances that the matter was being attended to.

Therefore, in view of the above, this Office demands an explanation from the Chief Representative as to why Dr Hagggar's family cannot be maintained by your good Office.

Assured of your speedy response.

Yours in the Struggle!
