Dear Comrade President O.R.

I am very pleased to enclose a selection of the photographs taken by our  
photographer Linda Pithers on the occasion of the Choir's visit last Sunday  
afternoon. We hope very much you will like them. If you require further  
copies don't hesitate to let me know.

My love to you and to Comrade Adelaide

My dear Oliver,

It was wonderful to get your letter and to hear that you will be travelling to South Africa via Gambia. I think of you at this remarkable time when von will he re-united with comrades, colleagues and friends. So this is a loving message to send you support and good wishes.

Here, at SAAEP, we are looking forward to continuing and developing programmes for very high level training for some of those who will be taking heavy responsibilities in a democratic South Africa. It is so difficult for capable people to be spared at present but, if some key people can be spared for training for future significant roles in the Civil Service, we would be glad to help. We are now in a position where we can begin to negoti 'e sen attachments to main Civil Service departments in tonw countries.

In the meantime, let me say how pi -a am encouraged wr are by the progress of SAAEP Feliows including your engineers who, in your phrase whioh I have always remembered, are "engineers who can take their tien off".

With best wishes. J ShjUI hf <?{ u' u
