Zambia

1st June 1988

Dear Mzwai,

I am pleased to confirm that SAAEP has agreed to  
Mahlatsi, Simon Manana and Andile Njobe to undertake the 48 week  
sponsor Thabo

in distribution engineering run by the  
International starting on the 3rd October.  
description of the course.

British Electricity

I enclose the summary

The syllabus of the programme has been sent to each of the three  
candidates without a covering letter. I would like to receive  
confirmation from each of them that the programme is suited to  
their needs and that they accept SAAEP sponsorship.

SAAEP undertakes to pay their return airfares, the tuition and  
maintenance whilst here. It should be stressed that the  
maintenance allowance will cover living but it is unlikely that  
these candidates will have sufficient left over to remit any  
money to their families. i

As soon as we have heard from the three candidates we will start  
to make arrangements for their airfares to arrive a few days  
before the start of the course to enable them to settle in.

The details of programmes for several other candidates will be  
sent to you in the next few days. In the meantime I hope to hear  
from you regarding arrangements for the 23 individuals (having  
taken Lindiwe Phillips name off the list) to be at ESAMI by the  
9th or 10th July.

With best wishes,

Yours sincerely,

M mm
