Dear Comrade Thanda,

Re: Nursery school supplies.

My attention has been drawn to the fact that for the past 3 months the nursery has not been supplied with juice. For the past 2 weeks milk has been delivered.

Yesterday, Monday 6th December, the children had no supplies of liquids whatsoever. I would ask you to inform Comrade Monica whenever an item is unavailable.

Could you please explain to her what the problem is she needs the juice for the children. e
