SUBJECT: CDT PAUL MANYIKA

Ihanke for your note of 24th instant on the above subject. You a
say Peal has been deployed to the farm. I understand from
comrade Khaya that you submitte& to him names of returned completed
students in Dahawa about 2-3 days ago. The question of Paul was
never mentioned to him.

'As you know that before deployment of a person is effected, the
Head of the Department has first to be aggroaahed or conversely
the Head requests the Personnel Office to identify eome-one needed.
It would apxear that this was not so in the above caee.

As far as I can recall when Paul returted from the USSR at the
beginning of the year, he alleged that he was very sick and had
to go to Kuhimbili for "further tr atmentt. Hie he been now cured
of the ailment? Has he been allowed by Bahama Administrution to
be deployed in kazizbu?

With r;gsrd to aCCOLodetion, there is still a prob em.uhd generally
this should first be 8:04 ad before deploJLGLt to avoid disappointm
ment to the parson concernee, Please take up the cage of Paul
with Kheya before his aeignment.
