S. Michael's Chronicle

CLEMENT YORKE MORGAN

As we drive round the School Estate we see the visible signs of the great part which Rector Morgan played in the development of the School. He was instrumental in having the Gates of Michaelhouse (donated by the Late Hugh Brown) built; the Tennis Courts concreted; the Rose Garden replanted and the Rector's Lodge built.

As we pass the gaily coloured benches and chairs on Meadows we notice the almost completed Tarpies and the Athletics Field and in the distance the slopes of Annandale and our 100 acres at Sarsden. We notice also, as we drive, the widened roads in preparation for the tarring which he felt was so important and necessary for the improvement of the Estate.

The three new staff houses remind us of the night of festivities on the 1st September, 1956, the date on which the Fete and Ball were held to launch the Trust which we all know was inspired by his great enthusiasm and love of Michaelhouse. Looking down from St. Michael's Mount we see the Filtration Plant and above, the new Reservoir now nearing completion.

In the school itself he was responsible for the formation of the Seventh House, Baines, and the VIth Form Block was donated because of his insistence on a higher academic level. To reinforce this aim came the re-organisation and improvements in the library.

Whenever Old Boys gather in the Cricket Pavilion to enjoy the Gaudys introduced by him, they will realise that his interest lay not only in the school itself but also with the Michaelhouse community at large.

The formation of a Club providing social services for the African and Indian employees was the result of his great concern and anxiety for their welfare.

And finally what more fitting tribute could there be to our Late Rector than the full clarion of bells in the Chapel Tower which day by day remind us of his great service to Michaelhouse and indeed to the cause of Private Schools in this country.

**SERMON PREACHED IN MICHAELHOUSE CHAPEL AT THE
MEMORIAL SERVICE FOR CLEMENT YORKE MORGAN, M.A.,
RECTOR OF MICHAELHOUSE, 1952—1960**

by

**The Right Reverend Vernon Inman, D.D., Lord Bishop of Natal
and Visitor of Michaelhouse.**

8 p.m. Friday, 29th April, 1960.

Philippians. 1. 3. "I thank my God upon every remembrance of you."

In the Bampton Lectures delivered before the University of Oxford in the year 1944, the late Dr. Spencer Leeson, sometime Headmaster of Merchant Taylors' School and also of Winchester College and later Bishop of Peterborough, said these words: "The relation between teacher and pupil, at whatever stage and whatever age, must be before all things pastoral. And the care of the pastor, or shepherd, as the word means, is for individuals, not for groups. Nor is any distinction made between the sheep: they are all different from each other, each one a universe in himself, and the Shepherd serves them all and all need pasture—the clever and the stupid, the good and the bad, the diligent and the idle, the rich and the poor, the strong and the weak. And there is no limit to the sacrifice that the Shepherd may be called on to make for his sheep. It may not be our lives that we are called upon to offer, but what is only less precious, our likes and dislikes, what interests us most, what we most enjoy doing, what will bring us most credit, and the rest. All our sheep have been given to us by our Heavenly Father to feed for Him. Our Lord shows us the teacher's office as in the highest sense sacramental and priestly. He bids the teacher go to his classroom as to an altar."

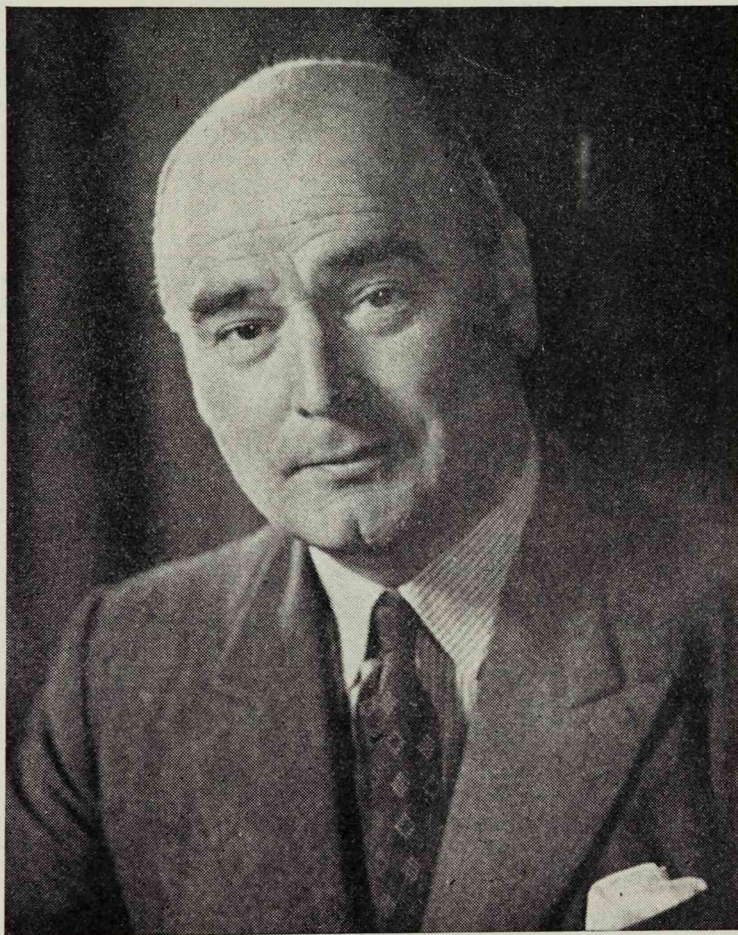

I have reason to know that if Clement Morgan did not actually hear these words, he had certainly read them. He was too humble of heart ever to have thought that he fulfilled them, but I am very conscious that many, nay most of you here this evening, realised as I read them, that he did in fact fulfil them. His title of Rector, or Ruler, of Michaelhouse, could well have been that of Pastor, or Shepherd, of Michaelhouse. He literally had no conception that to be a Rector, or Ruler, meant that you had to rely on authority or force. Indeed, when the necessity ever arose for his exercise of the graver aspects of school discipline, he was almost heartbroken, so distasteful was anything of that sort to his finely drawn and kindly nature. Indeed, these characteristics of the teaching pastor seem to have dominated his whole life. So transparently clear were they that when Lord Elton, the Chairman of the Rhodes Trust, recommended Clem Morgan for the Rectorship of Michaelhouse, these are the words he wrote :

"We believe that he is a man likely to handle difficult situations of whatever kind wisely and courageously, and that these qualities are not due solely to his exceptional experience at Radley, but to intellectual power and high character. We feel that he is a *kind* man. When he was asked what aspect of his work when acting as Warden of Radley he had enjoyed most, his first answer was 'the opportunity of making other people happy.' And we felt that this was a genuine expression of his attitude to life."

We of Michaelhouse have good reason to know how truly our Rector did seek to make other people happy. But let no one suppose that was a simple or easy task. He would literally agonize over the deep problems presented to him by some of his boys, and especially over those whose tragic lot it was to come from broken homes. But he never lost sight of

his object—the happiness, in a deep and lasting sense, of the boy with whom he had to do. He did not spare himself, and he never failed to spend himself for those in real need of his care. In that he was a great man, because he was a true servant of Jesus Christ, his Lord.

It is an impossible task for any of us to assess the spiritual life of others, but all can witness to our experience of the truth of the statement made by his close friend and former Warden at Radley, the Reverend J. C. Vaughan Wilkes: "Above all, he is a sincere and devout member of the Church of England, and his good influence—through example and precept—on the religious life of Radley has been tremendous, and has had

**THE LATE RECTOR OF MICHAELHOUSE,
CLEMENT YORKE MORGAN, M.A.**

incalculable good effects." Not less has this been true of the religious life of Michaelhouse. In him, not only the school, but the Diocese of Natal, has lost one of its most distinguished and devout churchman.

It was, in my humble opinion, in the Divine Providence that Clement Morgan came to us when he did. We were greatly needing the gifts he brought to us, and under his wise and loving rule the school made great

strides. He was not afraid to make experiments, nor was he too proud to drop those which seemed not to succeed. It was due to his initial foresight and keenness that the Michaelhouse Trust eventually came into being, and he gloried in giving of the best in himself to set forth his ideals. Likewise, his relationships with the Board of Governors have left a memory of co-operation and wholehearted service that will never be effaced from the minds of those of us who were thus privileged to serve Michaelhouse with him. As his friend George Mallaly so truly wrote of him, he had none of those airs and graces that lesser men imagine may make up for solidity of character. He was too firm and straight-forward a character for that, and if at times it might have seemed to others that he was over-gentle in dealing with some situations, it was because he simply could not bear to cause anyone a deep or lasting hurt.

"A brilliant teacher of the classics", and here I am quoting from an academic source, the Rector brought to Michaelhouse an ethos all too rare in South African schools of to-day, an ethos as well deserved as by any in William Hazlitt's "The Round Table." "The study of the Classics," wrote Hazlitt, "teaches us to believe that there is something really great and excellent in this world, surviving all the shocks of accident and fluctuations of opinion, and raises us above that low and servile fear, which bows only to present power and upstart authority.... Rome and Athens filled a place in the history of mankind which can never be occupied again.... We feel the presence of that power which gives immortality to human thoughts and actions, and catch the flame of enthusiasm from all nations and ages." The inspiration of that power will never depart from Michaelhouse so long as the influence of Clement Morgan endures.

Only those who were the teaching colleagues of the Rector are entitled to speak of him in their particular relationship to him. I am but stating a fact when I say that he enjoyed their full affection and confidence, and in his going from us they grieve for the loss of a true friend, a wise counsellor and a never-failing paraclete. Not that this is true of you his teaching colleagues only. It only states the truth for us all, boys, staff, servants, parents, friends and governors.

It is then well and fitting that we are all here gathered together in solemn thanksgiving and prayer for Clement Morgan. But our thoughts and our prayers for him would be lacking in their essentials if we did not include in them those most dear to him; his widow and his sons and daughters. In their deep grief we offer to them the service of our love and help. As his true helpmeet, Michaelhouse owes much to Mrs. Morgan in more ways than many of you know, and on behalf of us all, I assure her of our lasting gratitude and admiration. We shall pray that in the days, weeks, months and years ahead she and her family will find the depths of consolation and truth in thanking God upon their every remembrance of their so deeply loved husband and father.

I pray too that there may be strength and hope for them as well in these words of Andrew Jukes: "I can tell you for an eternal truth that troubled souls are always safe. It is the untroubled that are in danger. Trouble in itself is always a claim on love, and God is love. He must deny Himself if He does not come to help the helpless. Therefore, if you are lost and grief-stricken and bowed, you are just in the place where He can meet you. Blessed are the mourners. They shall be comforted."

And now that we may treasure yet another memory of all that Clement Yorke held dear, both in his faith in God as well as in his service of us, we join in our concluding act of Hymnody. Therein we shall again share in the inspiration and help he himself sought and found through one of those glorious hymn melodies in whose Welsh origin he both shared and delighted.

STAFF NOTES

At the beginning of the year we welcomed four new members of Staff: Mr. Nigel Bloy, who is on exchange from Clifton College, Bristol, Mr. John Cartwright, Mr. Kenneth Robertson who replaces Mr. John Riley, and Mr. Rory Gillespie, an Old Boy of the School. To all we extend a very hearty welcome to Michaelhouse.

In administrative circles we welcome Miss M. Wellbeloved and Mrs. A. Fowle. We hope they will be happy here.

At the beginning of the second quarter Messrs. Gathorne and du Plessis left for England and the Continent on five months leave. From all reports they are enjoying themselves no end and we look forward to their return in August.

The Michaelhouse magnetic field is a large one indeed and we were all very pleased when Mrs. Doris Campbell returned at the beginning of the year. We hope that this is, once again, the beginning of many happy years. Mr. Ernest Polack has also decided to return, and flies back to South Africa from England at the end of July. We look forward to seeing him again, and the Treasurer of Caversham Cricket Club is already preparing the accounts to hand over to him on his return!

In April Mr. and Mrs. van Wyk left us to return to Rhodesia. We wish them every success and happiness.

Our best wishes and thanks went to Mrs. E. Frawley who left at the end of last year and Miss K. Bentz who left in April. At the end of June we say farewell to two members of Staff whose contribution to Michaelhouse has been great indeed. Miss S. F. Severs has been housekeeper for three years and she has earned the praise and gratitude of Staff, parents and boys for the magnificent way she has coped with the numerous social functions which fill the annual calendar. Our best wishes and thanks go with her.

Two and a half generations of boys will say a sad farewell to Miss "Duggie" Duggins at the end of this quarter. For ten years she has watched over them with a motherly care which has earned for her the deep affection of all at Michaelhouse. We hope her retirement in Scotland will be a very happy one indeed.

Once more the University of Natal has provided us with welcome support in the form of Messrs. McAdam, Maher and Morey. They will be with us for one quarter and we are very grateful to them for their work and enthusiasm.

This year has begun sadly for us and although it is not our intention to repeat what tribute has already been paid to Clement Yorke Morgan, our late Rector, we should like to quote these lines:

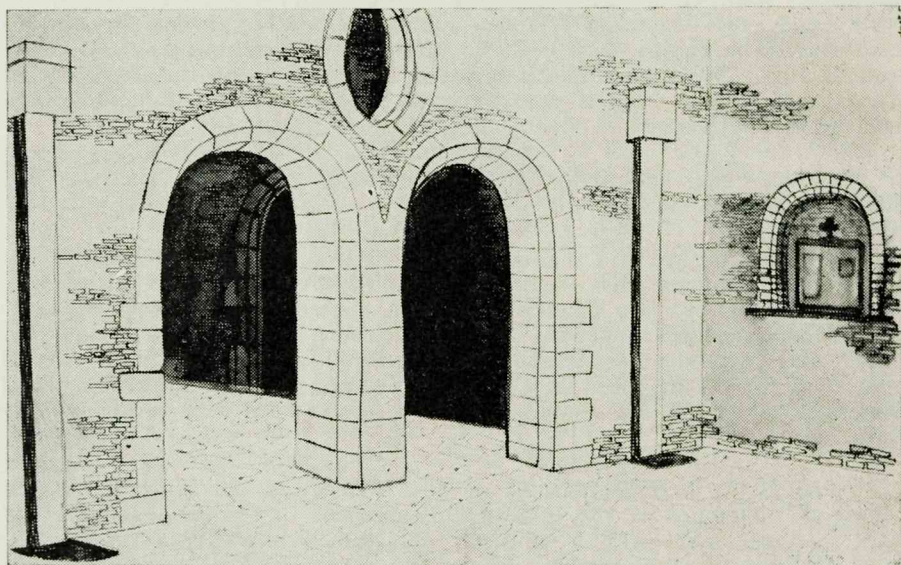

*"His life was gentle, and the elements
So mixed in him that nature might stand up
And say to all the world 'This was a man!'"*

SEASCAPE

*Sighing, dying, the rolling murmur of the sea;
Cascades of foam,
Falling with an onward rush
Towards the shore.
Grey scudding clouds,
Streak across the sombre sky
And high above the crested waves
The seagulls cry.*

*Moaning, groaning, the swirl and foam of spraying spume,
The hiss of white
The swishing of the rocks below
And all is still.
But for a moment
And then the fury rises fast
For ever rushing on,
And peace at last.*

CHAPEL NOTES

A Memorial Service for the late Rector was held in the Chapel at the beginning of the quarter on Friday, 29th April at 8 p.m. The service was conducted by the Chaplain and the Address, the text of which appears elsewhere, was delivered by the Lord Bishop of Natal, Visitor of the College.

The following visitors have preached at Evensong since the previous issue of the Chronicle: The Bishop of Natal, the Rev. Mervyn Sweet, Mr. K. M. Pennington, Dr. E. H. Brookes and the Lord Bishop of Bloemfontein, who preached at Evensong on Ascension Eve. We are most grateful to them all.

Thanks are also due to those ladies who have arranged flowers and cleaned linen and silver. We are glad to welcome Mrs. Campbell back among their number.

A. Lyall-Watson has been appointed Senior Server in place of G. I. Henderson, who left at the end of last quarter, and C. G. M. Archibald has been appointed Chapel Clerk, R. N. F. Brooke Senior Sacristan and R. M. Walsh has joined the ranks of the Sacristans.

The Indian Sunday Schools are still flourishing. Several new teachers have been recruited and are giving most valuable service.

CHOIR NOTES

The following anthems have been performed by the Choir during the last quarter :

“Subdue us by Thy Goodness”—*Bach*.

“The duteous day now closeth.”—*Bach*.

“The heavens are telling.”—*Haydn*.

“Let all mortal flesh keep silence.”—*Old French*.

“Holy God we show forth here.”—*Wagner*.

Although a general reshuffle in the treble ranks at the beginning of the year was inevitable, the newcomers have worked well and have produced most promising results. The anthems listed above were well performed, and though volume was lacking from the choir in certain cases, in its handling of the softer works where music, and not noise, was the essence of a good performance, the singers must be congratulated on their tonal quality and phrasing.

THE END

One wonders why we still are here today.

It seems so strange,

When all the world about us is in chaotic tumult.

And even in my native land—where I was born—

The country that has reared me—volcanoes vomit.

What now?

Is this the end of time?

Do we now sink into some black and depthless void?

Our era—finished?

I have not lived so short that life means nothing to me.

The will to keep on living is still there.

Will we—can we—fight?

It is not natural to let our time-tried heritage dissolve,

Far less our loves.

Man will turn savage and fight with gore-rimmed eyes till death.

But which is right?

SIXTH FORM NOTES

Our first visitor this year was the Administrator of Natal. It was a great pleasure to welcome him and Mrs. Trollip to the VI Form and he gave a most enlightening talk on a career in politics.

A fortnight later Mr. Justice James followed his lecture to the Senior School on Current Affairs with a talk to the VI Form in the series "My Job and why I do it." Without unduly glamourising the profession, he made the Law sound most attractive. Two days later Mr. Charles D. Potts spent two full periods giving an illustrated talk on antiques. The fact that virtually the whole of the Form remained behind afterwards to continue asking questions was a tribute to the interest that he aroused. The last visitor of the quarter was Colonel Fraser, the Officer Commanding Natal Command. He was at pains to point out that there are difficulties to a career in the Defence Force but that there is a great deal of interest also.

The only visitor so far this quarter has been Mr. R. E. Thomas who gave us a clear insight into banking and stockbroking. We look forward in a few days' time to a visit from a leading Durban maitre d'hôtel whose talk on the culinary arts is likely to be most popular. We are most grateful to all those who have come to Michaelhouse for the time they have spent and the trouble they have taken for our especial benefit.

THE SEA AT NIGHT

*Across the path of moonlight on the bay,
The dark-ridged waves heave gently on their way.
Beyond the dim, dark, glistening barricade
Of coral reefs, with lunar fettered braid,
A sudden sea explodes in flashing white,
And hurls its light in contrast to the night,
Reflecting back the pin-point stars above
That sparkle gaily in the sleeping cove.
The creamy surf flops down beneath the dunes;
Then spent, flows back while gurgling hollow tunes.
This hissing cloak returns towards the giant,
That climbs—is poised—then crashes back, defiant.
But now, as daylight shows its first vague gleam,
The magic's lost. Or was it just a dream?*

FROM THE CHRONICLE OF FIFTY YEARS AGO

Mr. Hannah, M.A., has taken Mr. Adair's place for the time being. He is so well known to all who are interested in Michaelhouse that it is scarcely necessary to say much here. Since he left the School he has been farming in the Free State. When he was here he took an active part in all games. It does one good even now, not having touched the leather for eight years, turning out in football togs. Such keenness does one good indeed. We hope we may keep him here till the end of the "Rugger" season.

THE POLITICIAN

*I don't aspire to greatness,
Each one of you knows that.
My nose smells London's freshness
From 'neath my bowler hat.*

OBITUARY

CHARLES WALTON HANNAH

Dear old "Bok" was the last survivor of the staff of Michaelhouse of the old pioneer days in Maritzburg. He came to Natal to see his younger brother, who was stationed with his regiment in Eshowe. His father, the Dean of Chichester, had given him an introduction to the late Bishop of Natal, Frederick Samuel Baines, with whom he stayed for a few days. One evening early in 1898 the Founder of Michaelhouse, Canon Todd, came to dinner and at once his dynamic personality captivated Bok, who before the party was over had agreed to join the staff in Loop Street, and so within a few days at the age of twenty he began his long, enthusiastic association with the school which lasted with intervals for 32 years until 1930.

His influence was immediate. He loved teaching anything, and it was soon apparent that no boy could play cricket with him without being inspired by his infectious passion for the game. He always spoke in the warmest terms of the example and strength of our first Rector. When the time came for the diocese to take over the school, it was inevitable that Bok should be chosen as one of the small Committee to select a site. How he enjoyed telling anyone of that fateful time in Michaelhouse history. The choice lay between the hotel at Inchanga, the hotel at Camperdown and 77 acres of bare veld at Balgowan. A hard winter had not affected the plentiful water supply where the school now stands, and that tipped the scale in favour of the mist belt, though it meant starting from scratch with buildings.

When the Founder left, Charles went to Cedara Agricultural College as its first Principal, and later farmed at The Croft, Mooi River. But his love for the school never changed. He frequently came back to fill gaps on the staff, and eventually from 1917 he stayed on till his final resignation. He had lost none of his enthusiasm and inspiration, and boys of every generation he taught speak of him with the greatest affection. Cricket remained his first love, though he often appeared too on the rugby field as coach. It was his happy decision to grass the Oval and lay the first turf wicket at any school in South Africa. Those of us who played with him in the first game on it in March, 1930, against a strong team brought up by Laurence Trotter will never forget his joy. Countless boys will remember the wonderful tours he arranged up and down the country in the Christmas holidays before the Schools Week started in Natal. What rides we had with him in his remarkable T-model Ford "Eliza," so often filled with cricket bags and players. What a voice he had! His regular reading of the lessons in Chapel and his occasional sermons made a lasting impression on those privileged to hear him. I remember so well at Lords in the Oxford and Cambridge match, when his beloved "Squeak" Melville was leading his side to its remarkable victory in 1931, how everyone within fifty yards looked up as he extolled the virtues of the bashful Alan in loud-speaker terms.

When the House system was introduced by Warin Bushell in 1928, Bok was the Farfield housemaster with the nucleus of his boys across the Meadows in old Sim's cottage. He left before

decentralisation was abandoned by Ronald Currey and did not preside over the new Farfield near the San.

He kept open house for years in his lovely Sussex home after his marriage to Mrs. Hyslop, and undergraduates from both Universities spent happy vacs. there reliving school days. He did yeoman service in the Second World War spotting enemy aircraft, but it taxed his vitality which had stood so well the many abdominal operations he had so patiently endured during his life. His wife's death was a terrible blow, but it led to happy annual visits to Natal to avoid the English winter and fresh contact with the school cricket; an unexpected thrill in his declining old age. Six years ago he could not face the long sea voyage and he settled down to a quiet life in his cottage at Philpotts, where his great love of reading kept him happy. He died in his sleep on March 2nd at the age of 83. Hugh Carey was able to attend his funeral to represent the school he had loved and served so long and so well.

K.M.P.

SISTER L. KING

The sudden death of Sister King, in Durban on 20th March, came as a great shock to those at Michaelhouse who knew her and to many Old Boys and friends, here and abroad.

Since her retirement she lived in Durban, with her only daughter, whose constant and loving care was a very great blessing. Her last years were secure and happy and her living Christian faith apparent to all. During the seventeen years Sister King was at Michaelhouse she made the Sanatorium her home and welcomed many parents and friends. Her work was inspired by her genuine love of her boys and a desire to give of her best — kindness and sympathy with her medical knowledge and often a touch of Irish humour.

About sixty Old Boys were at her funeral, which was conducted by the Ven. Archdeacon Wade and Dr. S. B. Sudbury.

To her daughter Stephanie we extend our deep sympathy, and are proud that Michaelhouse had such a devoted friend.

HOUSE NOTES

FOUNDERS.

Head of House : H. M. Stevenson.

House Officers : R. A. Holdsworth, J. V. O. Dales, H. G. Nicholls,
D. J. D. Simmons.

With G. I. Henderson as the only prefect staying on from last year, the new tenants of the cop-shop were Stevenson, H. M., Holdsworth, R. A. and Dales, J. V. O. Later in the first quarter Nicholls, H. G. was appointed a House Officer, and more recently Simmons, D. J. D. (a distinguished old Escourtonian) has helped to swell our ranks.

The second quarter found us without Mr. J. M. du Plessis, our House-tutor, who is part and parcel of Founders. Henderson, G. I. also left

suddenly for University. Our thanks to him for his valuable service as Head of the House during the past year. Mr. K. Robertson has ably replaced Mr. du Plessis, and Stevenson took over as Head of the House.

This has been a successful year to date. Our Matric results were surprisingly good, and a strong contingent returned to the VIth Form. Coming second in Athletics was an inspiring start to our sporting activities, and we have followed it up by reaching the finals of the Rugby House-matches, and winning them quite convincingly.

Holdsworth and Simmons have gained their places in the 1st XV, along with Dales, who is almost a veteran in the team. Congratulations to them and all others who have gained places in school teams.

Prophecy is always dangerous (it sometimes lands you in jail these days), but this year looks like being a good one for Founders.

EAST

Head of House : A. R. Evans.

House Officers : W. O. N. James, N. D. Mitchell-Innes, P. B. Gill, J. K. Parker, A. J. M. Proctor.

At the end of last quarter, we said good-bye temporarily to Mr. Gathorne, who has gone overseas for three months. Mr. Joubert has taken over as housemaster. Mr. Riley left us at the end of last year for Canada, and in his place as house-tutor we welcome Mr. Bloy, who is here for a year from Clifton, England.

We are proud to have Anthony Evans as Head of House and Head of School. J. Parker, P. Gill and A. Proctor were appointed House Officers, in addition to W. James and N. Mitchell-Innes, who had stayed on from last year. Our Matric. results were above average. Out of thirteen candidates three obtained first class passes, six second, and between them there were three distinctions.

As far as sport goes, East have been fairly successful. Last year we won the Shooting and Cadets. In the latter, we pipped Baines by four marks in five hundred. After winning the cricket for three consecutive years, we were beaten in the final, failing by 30 runs to gain a first innings lead. Evans, who has Honours, is captain of the school First Eleven, and Fiddian-Green is also a member of the team. Mitchell-Innes is captain of Swimming, and vice-captain of Rugby. He and James have Colours, and Parker and Fiddian-Green are in the First Fifteen. However, in spite of these First Team players, we had an unbalanced house team, having a strong pack but a weak line. After a rough match against Farfield, which we won 8-6, we went down 14-3 to Founders who eventually won the competition. We were powerless against the boot of Dales, who scored 11 of their points.

WEST.

Head of House : J. MacDonald.

House Officers : C. G. M. Archibald, A. E. T. W. Gibson, R. M. Nicholson.

In January we welcomed Mr Goldie-Scot as House Tutor in place of Mr. Polack and it is already apparent that he is a great asset to the House. We are very pleased to hear that Mr. Polack is returning next quarter after a few months at Clifton College in England and can only assume that School House, Clifton, cannot bear comparison with West, Michael-house.

The Matric. results brought us some surprises, both pleasant and unpleasant, this year we hope that any surprises there are will be pleasant, despite the vigorous part we continue to play in the many out-of-school activities.

We duly won the Cricket last year and, with seven players who have represented the 1st XI, hope to repeat our success this year. To celebrate the holding of the Rugby House Matches at the beginning of the season our Juniors shared the cup with Tatham. With many representatives in other school teams, we hope to retain last year's trophies and to avenge our narrow defeat in the final of the 1st XI Hockey last year. The less said about our showing in the Athletics last Quarter the better: clearly, we shall have to prepare more thoroughly in the future.

Congratulations to Lister, our only candidate to get a 1st Class in the 1959 Matric.; to R. M. Nicholson on obtaining his Cricket Honours; to C. G. M. Archibald on being elected Vice-Captain of Cricket; and to MacDonald and Woods, who have been re-elected Captain of Squash and Tennis respectively.

MORNING

*It's not the shrill rising-bell waking you up:
It's not the sour coffee that is cold in the cup:
It's not the cold shower that freezes your bones:
It's not falling over when tripped up by Jones:
It's not your pyjamas now all splashed and wet:
It's not the school text-books that you've still got to get:
It's not the fact that you've yet to get dressed:
It's not combing your hair which is so badly messed:
It's not the last frantic rush down to roll-call:
It's not for these reasons you are cross at all.
What's the injustice that makes you see red?
Being expected to work when you're just out of bed.*

FARFIELD

Head of House: S. G. Lamont-Smith.

House Officers: V. C. Carruthers, G. B. Webb, D. J. D. Tweedie,
H. C. P. Coppen, D. W. Wilson, J. H. Wilson.

Our congratulations go to Bruce Webb, Douglas Tweedie, Hugh Coppen and David and Jonathan Wilson who have been appointed House Officers this year.

Farfield has made a steady beginning to this year with a premium on hard work. We all feel that it should be a successful and happy one.

We have entered all sporting activities with great enthusiasm and in both swimming and athletics we held our ground quite well. The Rugby season opened this year with the House Matches and we came up against our old rival, East, in the first round. It was a close game ending in our defeat but, as usual, the spirit was magnificent.

Our congratulations go to Lamont-Smith, School Captain of Athletics, who was chosen to represent Natal Schools, and to Tweedie on being elected School Rugby captain and captain of the Midlands Rugby Team.

In all school activities Farfield is taking an exceptionally full part, having numerous people in the school play and operetta, and no less than six society representatives.

THE PROFESSIONAL GAUCHOS

*I swear by a Western,
Such stories are swell.
The things they come dressed in
I dare not now tell.
They swagger about
Like some sailors with cramp,
Or a drunkard with gout,
And each looks a tramp.
They draw for their gats—
A crack and a roar!
There are holes in their hats
And more in the floor.
Shooting straight as a die,
At least they're not shy!*

TATHAM

Head of House: A. Lyall-Watson.

House Officers: R. N. F. Brooke, E. A. K. Tucker, D. N. T. de Waal,
A. G. S. Jackson.

At the first House meeting this year, Mr. van Heijst was presented with a green tie, embroidered with the school crest, in acknowledgment of his support to the House in all fields.

In the first quarter we managed to keep the much-coveted Standard Points Cup—a cup for which the whole House competes. This success was celebrated with a “bun-fight” held at the Rev. and Mrs. Sargent’s house. We were narrowly beaten in the Athletics and Relay competitions. Our Senior Rugby team was narrowly defeated in the semi-finals by Baines (3–0). Our Junior team is to be congratulated on becoming joint-holders of the Junior Cup with West (3–3).

Our Matriculation results were fairly good, including two first classes and several second classes. Clarke is to be congratulated on obtaining distinctions in Maths and Physics.

Later on in the second quarter we hope to hold another House Concert, as all previous efforts have been such a success.

Brooke is to be congratulated on being appointed Captain of Tennis for the School. We hope to give a good account of ourselves in all forthcoming competitions.

CHAKA'S WAR DANCE

*Their brown skins gleaming in the sun,
And yells of encouragement,
Being urged on,
A bloody regiment.*

*The cows' hair round their thighs,
And black hide shields:
Here all cowardice dies,
Because only braves are for the battle fields.*

*The thunder of ten thousand feet,
And muscles glowing in vitality—
Dust blinding in the beat
So frenzied minds scorn clarity.*

*Then off to battle
With a courage
Unbeatable,
In this human age.*

PASCOE

Head of House: R. S. Tomlinson.

House Officers: D. A. Lloyd, J. A. Cary, P. A. Dryden, D. M. Cary.

It was with great regret that at the end of last quarter we said goodbye to Mr. and Mrs. Norwood, who had been with Pascoe for the last four years. We will always remember Mr. Norwood for his fairness and Mrs. Norwood for her kindness to us all. They take with them our sincere thanks and best wishes for the future. In their place we welcome Mr. and Mrs. Lowe. Mr. Lowe has already firmly established himself by his

enthusiasm and interest in the House affairs. When we bade farewell to Mr. and Mrs. Norwood we held a House Concert. The evening passed off in hilarious style with each block putting on an act. Mr. Robertson then rounded off the entertainment by giving us an extremely amusing cabaret turn. We welcome too, Mr. Gordon-Clarke who is now our other House Tutor.

In the Rugby House matches we found ourselves playing Baines, one of the strongest teams and so were eliminated in the first round after having led until the last ten minutes. Our Under-15 fared better and won the first round but were defeated in a hard game against West in the following match. We have high hopes for them in the future.

Our hearty congratulations go to Tomlinson on his selection for Midlands School Rugby. Tomlinson and Cary were picked for the forthcoming Rhodesian Hockey Touring Team and we wish them the best of luck.

This year's Cacks include several very promising sportsmen, Pascoe being very well represented in the Bunnies with six in the team; we also have three in Colts.

BAINES

Head of House: J. G. L. Richards.

House Officers: J. S. C. Cullen, D. S. L. Bostock, R. R. Firth, D. C. Hibbs, B. McCormick, G. B. D. McIntosh, J. B. Wright.

The winds of change have swept right through our prefects' room. A minimum possible of four House Prefects has suddenly grown in 1960 to an almost maximum possible of eight. Our sincere thanks to Harry Savage for piloting us through 1959, and our best wishes to Jonathan Richards as he rings the changes on our full peal this year.

To accommodate a normal intake of twelve new boys we are really splitting at the seams this year. It is even necessary for one prefect to sleep in the Housemaster's study!

Congratulations to last year's Matriculants—Erasmus and Wright (1st Class), and Barker, Cullen, Hawkins, Richards (2nd Class). This year we have a record number of entrants and we confidently expect all eighteen to acquit themselves well at the end of the year.

Determined team efforts in Swimming, Athletics and Relays resulted in three of the four cups competed for in the first quarter coming our way. Tatham again baulked our attempt to regain the Standards Cup. Today, as we go to print, the Rugby Cup has eluded us after a hard-fought final with Founders. We look forward to giving a good account of ourselves in the Ramparts, Hockey and Cadets later in the year.

Individual honours have been won by Firth (Cricket Colours), Hibbs (Athletic Colours), Biegel and Cullen (Athletic Teams). Robin Firth is Captain of Hockey and five other members of Baines are included in the side to tour Rhodesia in July.

We sadly said farewell to Mr. Goldie-Scot, our second House Tutor in 1959, at the end of the year—wishing him all success as House Tutor of West—and we are delighted to welcome Mr. Broadbent who has joined us in his stead.

Much news has flowed in recently from past members of Baines: at U.C.T. Don MacRobert and Neil Ralston are Senior Students, and Savage and Higgins are just settling in; the Rhodes contingent thrive (Craggs, Somerville, Penn, Nolan and Biegel); Derek McIntosh is Under-19 Rugby captain at Pretoria; Gerard Lander continues with great academic distinction at Howard College; Dunbar and Beggs are serving in the Rhodesian Police; Peter Beggs is doing very well in his optical studies in Johannesburg; Neil Hulett is at Cedara, Hawkins and Erasmus at Howard College, Bruce Jackson and Barker at Wits; and one or two members, who just failed Matric. here, are to be congratulated on fighting their way through since (Peter Tilston, John Lawrie and John Feek).

Please send more news—we would like to keep in touch with *all* of you.

It is only four short years since Mr. Morgan decided to create Baines, and the news of his sudden death came as a great shock last holidays. He had so constantly spurred us on in the early years of our existence. We would like to express our deep sympathy to Mrs. Morgan and her family.

oor berge en dale

Die donderende perdehoewe klap op die harde rooi grond, en die asem van die uitgeputte perd ruis rou deur die wyd-oopgespalkde neusgate. Die wapperende wit maanhare glinster in die sagte skemer, en die nat geswete liggaam van die appelblouskimmel weerkaats vir oulaas die laaste sonstraaltjies soos die vlieënd oor die aarde beweeg. Moeg en met ooghare gekoek van die stof, sit Hannes regop in die saal, sy fier gestalte stewig soos 'n rots.

Van dagbreek al die oggend jaag hy van sy plaas af, wat ver op die buiteposte gevestig is, en waar sy jong vroutjie baie siek lê. Hy is op soek na mediese hulp. Maar in daardie tyd, toe dit die lot van die baanbreker was om ver van die beskawing af die wêreld te tem, was die perd die vinnigste middel van vervoer na die naaste dorpie honderd en vyftig myl ver.

Noudat die aand hom eindelik oorval het, nader sy bestemming. Sy litte styf en moeg, daar hy die hele dag in die saal deurgebring het; die sweetdruppels wat van sy voorhoof afgetap het, het diep vore in sy stof bedekte gelaat gevorm. Alreeds voel hy hoe sy getroue perd, Juweel, se bene wankel en hy besef dat hy binnekort sal moet afsaal ten spyte van sy haas.

By 'n koel berg stroompie, wat kobbelen oor mosbedekte klipies dans met glinsterende ogies, het 'n rukkje uitgespan, en 'n keteltjie met die koel water gevul. Een, twee, drie het hy 'n vuurtjie gemaak wat knetterend sy vrolike deuntjie sing, begely deur die rustige herkou van die perd. Saggies word die keteltjie op die gloeiende kooltjies geplaas wat knipoggend vir die sterretjies in die helder hemel ruim knik. Vyandig sis die vuurtjie soos dit met die druppeltjies water in aanraking kom maar dan skiet dit weer dartelende vonkies die hemel in.

Stil sit Hannes met sy oë stip op die vrolike vuurtjie gevestig en sy gedagte dreig om terug na sy plasie „Boesmankrans” te dwaal. Wie weet, het die doodsengel miskien al sy buit kom haal, of veg sy vroutjie nog moedig voort? Ag, Heer, gee my tog die geloof en gee vir haar die krag.” prewel hy sag.

Soos 'n sarsie koeëls breek die rou perdepootslae die stilte van die slapende dorpie. Hard en ongeduldig klop aan die deur van die dokter, maar sag en gerustellend kom die antwoord van binne „Net 'n rukkje, neef, ek kom nou.”

Van ver af kom die soete klank van 'n vrou se stem:

Uit diep van donker nagte

Roep ek, o Here, hoor.”

MUSIC

There has been considerable activity in the Music Department during this half-year. At the commencement of 1960 we had the pleasure of welcoming Mr. Kenneth Robertson as Assistant Director, and it was not long before we discovered that he is a man of many different facets. He has proved himself as a piano teacher, pianist, organist, class teacher, and choir trainer, and in a lighter vein, a very able entertainer at the piano. Some of his compositions have also been heard, and they have been well received.

The Chapel Choir, after the usual changes subsequent upon boys leaving and new arrivals, has settled to really good work and produced a number of anthems to their credit in addition to their usual Chapel work.

The Music Club has held its usual number of evenings, and recitals have been given by Dr. Bogoy ('cello), Mr. Miller and Mr. Robertson (piano), and the members' evenings have proved popular and displayed the work put in by pianists and string and wind instrument soloists.

The Choral Society has been very busy practising "The Yeomen of the Guard" for performance in the third quarter. Choruses are coming along well, and principals are beginning to get the "hang" of their parts. C and D Blocks have continued Music classes under Mr. Miller and Mr. Robertson, and the VIth Form have attended a weekly music appreciation class.

Organ recitals have been given by the two Music Directors.

An item worth recording is the fact that a very enthusiastic Dance Band has come into being, to which Mr. Robertson has given valuable assistance. Mr. Gillespie has also lent a helping hand.

If boys had more time at their disposal for practice, the standard of piano work would be much higher. We regret that Mrs. Hampson has been away ill for a considerable period, during which our gratitude is due to Mrs. Roseveare for the break. The orchestra has functioned frequently at weekly rehearsals, but there should be many more boys learning stringed instruments in a school of this size.

There has been an unfortunate break in the tuition of boys in the wind and military band instruments, owing to the state of emergency having prevented Major Phillips from visiting the school during the second quarter. His activities among us are so valuable that we hope that he will be able to continue his work after the half-year.

SOCIETY REPORTS

The purposes of the newly formed African Affairs Society is to gain a broad outlook on to-day's racial problems by discussing Africa as a whole, and not only those happenings in South Africa that have an immediate effect on us. Those members of the Senior School that are in the society have listened to Mr. Ronald Butcher, M.P., and attended a Race Relations meeting in Maritzburg, apart from regular meetings that are addressed by members. The Agricultural Society flourishes under the aegis of Mr. Joubert and Mitchell-Innes. Its room in Byrneside is well-furnished and has a good collection of Agricultural magazines and books. During the first quarter, the Chess team beat Hilton and the Juniors drew

with Cordwalles. The Society hopes to arrange other fixtures against the Pietermaritzburg Chess Club and Natal University. Jackson and Ball keenly played a recent Lightning Tournament. The Chess room is not being utilized sufficiently.

The Dragon Club has passed an interesting half year. Topics under discussion have varied from the American Civil War to Atheism. R. P. Biegel remains captain of the Gym Team. The Youngleson Shield competition will probably be held next quarter. The keenness of the new members is most encouraging. The Motor Club found itself motorless during the first quarter but now it has procured a jeep. Several members have started to build go-carts, and it appears there is a future in the idea.

The Phoenix Society has started work on the observatory on the top of St. Michael's Mount. Mr. Byrne is helping with the building. The Society has visited Mr. Lipschitz and discussed the proposed telescope. They would like to thank the Hudson-Bennetts who entertained them. The Pioneer Club has managed to discuss Islam, Communism, School Missions, the Dutch Reformed Church and the White Man's place in Africa. Mr. K. M. Pennington and Dr. E. H. Brookes have most kindly addressed the Society. Evans and Stevenson are office-bearers and membership has been restricted to twelve. The Stamp Club has increased to 16, most of whom are Juniors. It is hoped that more Seniors will join. The club has contacts in America and England.

Mr. Wilson-Jones is Master-in-charge of the Photographic Society, who would like to thank Mr. Riley for all the work he put into it. A new section has been started to cater specifically for those members who use colour films. It is hoped that all members will now be active. The 34 entries for the Royal Show constitute a record. The Trout Club has had a fairly successful season and some good fish have been caught. A camp was held on Mr. Cathcart's farm in the Underberg district during the Easter holidays. During the time, 170 fish were landed.

Mr. Goldie-Scot has rejuvenated the Model Club. Members hope to fly against the Pietermaritzburg Model Aeroplane Club. Henderson, Gordon-Thomson, Pascoe and Rea are stalwarts. Mr. Robertson Dr. Bogyo and Mr. Miller have played to the Music Society. A successful Members' Evening was arranged. Mrs. Miller's refreshments are at least partly responsible for the excellent attendance at meetings.

The formation of Mr. Nicol's dam has presented our yachtsmen with a fine opportunity which they are exploiting to the full. The Flag Officers are Tucker, Reynolds and C. N. James. Mr. Heslop presented a Cadet kit to the club which is now being assembled. Mr. Reynolds has donated a handsome flagstaff. The club burgee consists of the Cross of St. Michael with the red scales next to the staff. Members hope to arrange regattas and other races against local schools. A most impressive start that augurs well for the future.

The Natural History Society has arranged several outings, including visits to Nagel Dam and Giant's Castle. A comprehensive exhibition was held on Speech Day. Mr. Withers has recently addressed the Science Society on Genetics. Mr. Robinson, Anderson and Cairns have also addressed the Society. Later this quarter, about twenty boys are going to visit the Gilbey's distilleries in Pietermaritzburg.

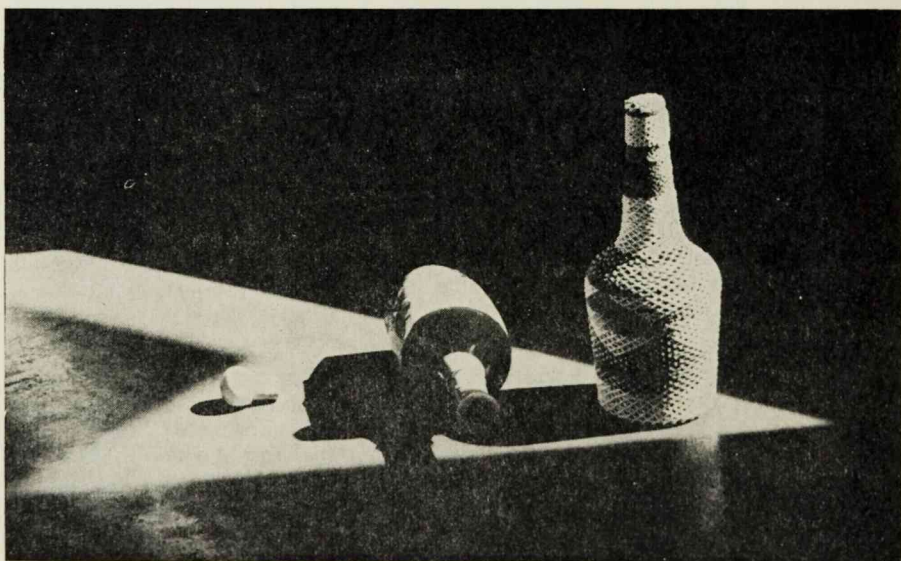

ACTIVITIES AND BYRNESIDE COMMITTEES

At the beginnng of the year it was decided that the work of the Arts and Extra-Curricula Activities Committee could be done more effectively by two groups, which were subsequently inaugurated during the first quarter, and are now known as the Activities and Byrneside Committees.

"THE RONDAVELS"

J. S. Wilson.

"STILL LIFE"

G. P. S. Feek.

The principal objects of these two committees are to promote the intelligent and profitable use of leisure and to encourage an active interest in hobbies. While the Byrneside Committee is involved with the societies having to do with hobbies, the Activities Committee, as well as encouraging art, music and drama and co-ordinating their demands, is concerned with such things as the use of Quiet Periods, holiday tours, the compiling of the school calendar, and repairs and accommodation for Societies.

Boy representatives from the Societies concerned serve on both committees, and the masters in charge of those Societies are also members of the committee; a master acts as chairman and there is a boy secretary.

It is hoped that ultimately, with the aid of the work done by these committees, the extra-curricular work done in this school will be increased, and that facilities and opportunities will not be lacking in this field.

DEBATING SOCIETY

The following were elected Committee members for 1960: Chairman: G. I. Henderson, Vice-Chairman: A. R. Evans, Secretary: D. S. L. Bostock. Other committee members: A. R. Powell, G. M. Ralfe, S. G. Lamont-Smith, G. B. D. McIntosh. Since Henderson left us after the first quarter, after giving distinguished service to the society for which we are very grateful, Lamont-Smith was elected Chairman and H. Stevenson committee member.

We started the year with a small membership that has, however, steadily grown. On the whole, the standard of debating has been very good.

So far this year we have had the pleasure of debating against Estcourt and Kingsmead. We hope that many more such occasions may be arranged. We look forward to debating against St. John's and Hilton in the near future.

JUNIOR DEBATING SOCIETY

At the beginning of the first quarter Mr. Broadbent took over as master-in-charge from Mr. Polack who left us at the end of last year. The following appointments were also made: Secretary, I. N. Matthews, Treasurer: W. D. Smith, C Block representative: C. R. Nicholson. Later in the quarter G. Lawson was appointed D Block representative.

During the first quarter two debates and a quiz were held. The motion at the one meeting was "In the opinion of this House, immediate and total disarmament is the only hope for world peace." Mr. Ainslie and Mr. Sargent, two visiting speakers, opposed and proposed respectively. The motion was lost.

During the second quarter a meeting was held at which the motion was "That Professionalism in Sport is a Business," and the motion was carried.

For the following meetings a quiz and a trial have been planned. It is hoped that later this year a debate against Cordwalles will take place.

TAALVERENIGING

Sover hierdie jaar het ons net vier vergaderinge gehou; die eerste een was soos gewoonlik die sakevergadering. Sowat veertig seuns het by die vereniging aangesluit; G. B. D. McIntosh is as voorsitter gekies, G. M. Ralfe as sekretaris, en J. E. Coetzee en J. B. Smithers as komiteedele.

Die ander drie vergaderings is aan debatte gewy. Vir die een vergadering was die mosie: „'n Republiek sou 'n oplossing tot Suid-Afrika se probleme wees.” Die laaste twee vergaderings was aantal kort debatte, elkeen tussen twee sprekers. Die mosies was taamlik eenvoudig, byvoorbeeld: „Geld is die wortel van alle kwaad,” „Die verwydering van die koningin se kop op munstukke sal 'n goeie ding wees,” of „Die Amerikaners was geregtig om op Rusland te spioeneer.”

Mnr. van Straaten het vir albei verenigings 'n nuwe konstitusie opgestel waarvoor ons baie dankbaar is.

LAER TAALVERENIGING

Hierdie jaar is ons bly om te sien dat daar meer groenes as verlede jaar is, al die lede het beter gepraat en was nie so senuweeagtig nie. Drie vergaderinge is in die Musieskool en Pawiljoen gehou. Daar was 'n vasvrawedstryd, 'n modelinge-aand en 'n hofspraak. Ons is dankbaar dat Mnr. Joubert ons so baie gehelp het en kleurprentjies van die Unie vir ons gewys het.

CADET NOTES

As very few of last year's officers and N.C.O.'s returned, numerous new appointments were made. A Lyall-Watson was appointed Senior Student Officer, and N. D. Mitchell-Innes, R. S. Tomlinson, A. R. Evans, J. G. L. Richards and W. O. N. James were appointed Student Officers. J. V. O. Dales was appointed R.S.M., S. G. Lamont-Smith R.Q.M.S., J. MacDonald A.S.M., and R. W. Fiddian-Green, G. McIntosh and C. Reynolds C.S.M.'s. G. I. Henderson led the band until his departure in April, and H. Stevenson now fills the post.

After successive Fridays spent in “squarebashing,” the standard of drill has improved greatly. During the latter part of the first quarter the Detachment practised the new Battalion Parade, and also gained practice in route marches round Nicol's dam. The parade during the second quarter have been devoted to preparations for Field Day.

For two years now the Detachment has sent down a platoon of hand-picked cadets to the Drill Competition. This year the platoon is ably led by Sergeant D. J. D. Tweedie. We hope that he will be able to bring the cup back to the school for the second time.

The Shooting Team has not competed recently, as we are one of the very few schools still having rifles. S. P. Martine was elected Shooting Captain at the beginning of the year. The only competition this year was against Hilton in which we were narrowly beaten by 2 points. House Shooting practices are now taking place.

The season may best be considered in two parts, particularly as the measure of success in the last half of 1959 and that in the first quarter 1960 has differed markedly.

Last year's side, with the benefit of an enjoyable and, in the initial stages, run-replete tour in Johannesburg, should have done well. In the event it succeeded in winning only one school match and losing seven! Lack of experience contributed to this; but probably the greatest weakness was lack of determination and confidence in the batting. Tentative batting so often gave us totals which a steady but not particularly penetrative attack could not bowl to. Of all the batsmen only one, Dales, was at all consistent. Kemple, at times brilliant, as in his innings against Wanderers' Nomads and in the first innings against Hilton, lacked stability; Archibald played a few good innings; Nicholson was probably the next most consistent maker of runs after Dales; Evans and Fraser both had bad patches when they could not make runs. We were unfortunate, too, in missing Tweedie, through illness, until the Hilton match. Of the bowlers, Nicholson was reliable without being a match winner and Leal did some very valuable work with his tantalising left arm slows. Kemple's form was not good and Archibald lost much of his nagging accuracy. They were backed up by keen fielding and sound throwing, Dales being the outstanding fielder. Fraser was a sound and popular captain, but seemed unable to get that last vital ounce of determination out of his side. Evans took over the captaincy during Offord Week when, for various reasons, Fraser, Leal and Wattam were unable to be present, thus weakening the side materially and producing the worst results we have had for some years.

In 1960 the side got off to a good start by doing well against a Wanderers' Nomads side and then winning three matches in a row. All four matches were examples of what early batting stability can achieve and in them Dales, Tweedie and Evans did especially well. Archibald has been unable to get going but should make plenty of runs at the end of the year. Tragically this run of successes came to an end in the Hilton match, in which hostile bowling by Mackenzie cowed our batsmen into giving their wickets away—all but C. R. Nicholson and Taylor, who played with determination and saved a complete collapse. At one stage, with 22 for 7, a total under 30 seemed possible! Against Estcourt, too, Taylor had another invaluable innings after a batting collapse and he, with Fiddian-Green, doubled our score for the last wicket and very nearly converted an agonising one wicket win into a win by an innings! It was really Taylor's day, for he bowled well in this match. With a drawn game against D.H.S. and a win against Caversham the side could be pleased with a much more successful first quarter than we have had for years. Improved spirit, exceptional keenness, and intelligent and determined captaincy by Evans all played their part. Moreover R. M. Nicholson fulfilled his earlier promise by producing some damaging and sustained pieces of great-hearted bowling. He averaged 22 overs for each of the six school matches played and in them took 24 wickets for 227 runs. Against College, on a wicket that was helpful, he bowled brilliantly, taking 8 for 26 in 20 overs. Fairly steady bowling from the other bowlers: Fiddian-Green, Firth, Dales, Taylor, Archibald—the last of whom is still worried at times by lack of control—backed up by good and at times brilliant catching (as in the case of Matthews' 4 slip catches at Estcourt and more than one gully catch by Dales) and fine throwing, have all contributed. Tweedie, in addition, has proved a neat and efficient wicket-keeper. This side, if it continues to play with determination and confidence, should give a good account of itself at the end of the year.

RESULTS

v. Hilton (Two day match in November, 1959, at home)

Match Drawn

With the help of a won toss on a turning wicket we established firm control of this match until the afternoon of the second day when, at a critical stage, with Hilton 6 for 90 in their second innings, our bowlers relaxed and were treated cavalierly. As a result the game fizzled out into

a tame draw. Kemple and Dales batted very well in the first innings, as did Archibald, Kemple and Dales in the second. Leal troubled the Hilton batsmen considerably; Kemple and Firth used the damp wicket intelligently in the first innings and Archibald and Nicholson produced good spells in the second innings.

v. Hilton (Played on the Oval and lost by 6 wickets)

This match was lost by bad batting on a wicket that was slightly responsive. Taylor's innings was a tonic and C. R. Nicholson batted most creditably. Mackenzie bowled well for Hilton. Our bowlers kept the game very tight up to 91 for 8; thereafter Lewis hit ferociously to score 75 forceful runs.

THIRD GAME

In the second half of the season an experimental Third Game was formed to accommodate the considerable number of players, now over Colts age, who wished to avoid sinking into obscurity in the limbo of House Leagues. A number of internal challenge matches were played, including one which resulted in a convincing win for a House Leagues XI.

The experiment was a qualified success and may well be continued in the fourth quarter.

COLTS XI

1959.

vs. **Glenwood:** Glenwood 127 (Taylor 4-32). Michaelhouse 138-5 (Taylor 54 not out).

vs. **College:** College 245-5. Michaelhouse 61.

vs. **Kearsney:** Michaelhouse 140. Kearsney 71 (Whitely 6-16).

vs. **Hilton:** Michaelhouse 150 (Kirkpatrick 75). Hilton 120-9.

1960.

vs. **Glenwood:** Glenwood 73. Michaelhouse 230-9 (W. D. Smith 100).

vs. **St. Charles:** Michaelhouse 182 (Smithsman 72). St. Charles 68.

vs. **College:** Michaelhouse 118-9 dec. (Smith 54). College 101-5.

vs. **Hilton:** Hilton 77. Michaelhouse 200-8.

vs. **Estcourt:** Michaelhouse 108. Estcourt 37 (Lyon 5 for 7).

vs. **D.H.S.:** Michaelhouse 153-9 dec. D.H.S. 91-5.

This Colts' team, ably led by Pooke, has played well without realizing its full potential. The bowling, suspected to be weak, has never let the side down and Fenton bowled exceptionally well against College and D.H.S. The batting, thought to be so strong, often started badly and it is to be hoped in future that the leading batsmen, Smith, Pooke and Faircliffe, will score runs on the same day.

BUNNIES CRICKET.

1st QUARTER, 1960.

The Bunnies defeated St. Charles, Estcourt and D.H.S. and lost to Hilton. Not a ball could be bowled in the match against College. The batting was dominated by M. Harvey who scored 107 not out in the opening match against St. Charles. Of the other batsmen, Whittaker showed correct technique and Clive-Smith and Briscoe made useful contributions. Summerley and Cooke with the new ball proved too good for the St. Charles and Estcourt batsmen; Harvey pitched his leg-breaks well and Dalrymple, in the one match in which he played, bowled promisingly. Harvey set a fine example in the field, but, apart from Lund, the others were slow and heavy-footed.

ROCK 'n ROLLING

*A shake of the body,
A kicking of the leg,
And you rock to the toddy
With your dear little Meg.*

*With spirits now soaring
You shake up the head,
Then sweat begins pouring
And your feet feel like lead.*

*But you can't rest now,
As the beat has its grip.
So you swing to the row,
And prepare to let rip.*

SEMI-ARMAGEDDON

*Confident onto the field they ran,
Pursued by cheers from the crowd.
Keen as menthol was every man,
Each of his socks was proud.
They scored a try, and once again;
Now flushed with victory they drove them back—
They were faster in threes and heavier in pack,
Taller in line-outs, better at kicking,
Craftier at passing—they were even flicking.
Yet suddenly it was done; the masters had won.*

ATHLETICS

THE STANDARDS

The Standards Competition was not interrupted by rain this year, and went smoothly through to its conclusion, Tatham emerging as the winners, though the number of their absentees who were excluded from the total contributed materially to their success. The standard of Long Jumping was the lowest as in previous years and Houses would do well to try to remedy this. Results:

1. Tatham	72.00%	4. Farfield	61.49%
2. Baines	62.18%	5. East	52.6 %
3. Founders	61.7 %	6. Pascoe	51.5 %
7. West	49.03%		

THE SPORTS

The Sports were held on March 26th, and at the beginning of the day the winning House was anybody's guess. One record was broken during the day, which might be thought meagre fare for sensation-seeking spectators, but the general level of performance was not low, and the Under 16 age group did especially well. Apart from Lamont-Smith's record Half Mile, I would single out the High Jumping of Smithers, the Long Jumping of Tomlinson, the Sprinting of Hibbs and Gourley, and the Hurdling of Biegel and Rose. Results:

AWARDS :

Honours : S. G. Lamont-Smith.

Colours : D. C. Hibbs and R. S. Tomlinson.

Teams : R. P. Biegel, J. S. Cullen, J. B. Smithers and J. E. Gourley.

At the end of the afternoon the Sports Cup and the Standards Cup were very kindly presented to the winning captains by Mrs. J. D. Robinson, and we are most grateful to her for consenting to do so.

THE RELAY COMPETITION

The Relays took place on Monday, 28th March, and here Baines shewed their superiority. Half way through the competition it seemed that Tatham would fight them every inch of the way, and at one stage were leading by 26 points to 22, but Baines pulled away at the end, winning the last two relays outright and they should be well pleased with the House effort involved.

An innovation was a Challenge Relay—Staff v. Prefects, and efforts by the masters to discourage it in years to come will no doubt be strongly resisted. Disrobing as the time for the race drew near, the masters revealed an exotic assortment of Hockey, Athletics and even Rowing kit. At the last moment the Prefects slipped in Lamont-Smith to try to counteract the Staff anchor man, Mr. Cartwright; he however had been well selected to run the final leg of 880 yards and won the event for the Staff, who by now were exhausted and no longer knew or cared about the result.

SOUTH AFRICAN JUNIOR CHAMPIONSHIPS — PRETORIA

As a result of a small team taking part in Trials in Durban, S. G. Lamont-Smith was selected to run for Natal in the South African Junior Championships, which were held during the holidays. He found the standard extremely high but rose to the occasion, running the 440 yards in 50.6 secs., and the 880 yards in 1 min. 58.8 secs., though these performances only brought him 5th and 4th places respectively. Many congratulations to him.

TENNIS.

At the beginning of the season R. N. F. Brooke was elected school captain and T. P. Woods vice-captain of tennis. Practices have been held three times a week and Mr. Norwood, Mr. Van Straaten and Mr. Ibbotson very kindly consented to coach the boys. There was a good turn out on all days which shows the keenness of the school.

We have played two matches so far; the first was against the Staff and we beat them 7—5 in very enjoyable fashion. Our second was against St. Charles and we beat them 14—4 in the first. M. Harvey captained the U14 side to victory (13—5) against St. Charles.

Another match has been arranged this quarter against Hilton and we hope to be able to pull off another victory against them.

R.N.F.B.

SQUASH

For the third year in succession, the 1st team (consisting this year of MacDonald (captain), Macewan, Woods, Tucker and Cullinan) went on tour to Johannesburg at the beginning of the April holidays. Unlike the two previous teams, we did enjoy a measure of success in that we managed to win 3 out of 7 matches. Arriving in Johannesburg on the Friday morning, we had to play St. John's the same afternoon on their unfamiliar concrete courts. Except for Macewan, we all found ourselves rather at sea and St. John's won 4—1 fairly easily.

The next morning we played a Jesters' team at the Country Club. We were, of course, beaten very soundly. That afternoon we played a University "B" team. Macewan, who found he was in his element up in Johannesburg, played first string and did well to win his match 3—2 after a very hard and well-fought game. MacDonald and Cullinan (2nd and 5th strings respectively) won their games 3—0 and 3—1, making the final score 3—2 in our favour. The next match was against a Wanderers' 2nd league team to whom we narrowly lost 2—3. MacDonald and Woods (2nd and 3rd strings) won their matches 3—0 and 3—1.

On the Sunday afternoon we played a M.H.O.B. team to whom we also lost 2—3. Macewan and Woods won 3—2 and 3—1 respectively. We were unfortunate not to win one of the other matches as none of them was completely beyond us.

On the Monday afternoon we played a Squash Racquets Association team. Macewan and MacDonald both won their matches fairly convincingly (3—1, 3—0) and Tucker and Cullinan both lost, leaving Woods, who was playing last, the responsibility of winning the match. His match went to 5 games and after a very exciting 5th game he took it 10—8, making the final score 3—2 in our favour.

The last match of the tour was a return match against St. John's, played this time on wooden floors. This time we managed to reverse the verdict by winning 3—1. (Woods' match was unfinished). Macewan, MacDonald and Cullinan all did well to win 3—1 in each case. It was a fitting climax to a very enjoyable and successful tour.

In the Transvaal under 19 championships, Macewan and MacDonald both got through to the quarter-finals.

Our chances in the P.M.B. Squash League are as high as ever and we have already won the two matches that we have played so far (Mooi River 5—0 and Collegians 4—1).

OLD BOYS' NOTES

GAUDY — (CURREY 1930-34).

Owing to the fact that 500 boys entered the School during Currey's Rectorship (30-38) it was decided to divide the years in two and the following 52 attended out of a possible 245:—

Challinor, K.
Findlay, R.
Harris, T. W.
Bennett, M.
Collins, K.
Knubley, H.
Morphew, J.
Buchan, M.

Forder, G.
Turner, D.
Reynolds, C.
Chennells, G.

Dr. Currey had been invited but was unable to attend. Those present asked the Rector to send their greetings to him.

The company stood in memory of those 35 from this group who had been killed on Active Service.

The Dinner was held in the Memorial Hall after which the company returned to the Pavilion to hear a short address by the Rector during which a message from Dr. Currey was read. After K.M.P. had reminisced speeches were made by Peter Francis and Exton Burchell. Twenty four spent the night at the School and attended Communion the following morning. The Gaudy was completed with a very successful breakfast in the Pavilion.

O.M. DINNER HELD AT CAMBRIDGE, JANUARY, 1960.

A most successful Old Boys' Dinner was held at Cambridge at which Hugh Carey and Robin Chapman were guests.

The moving spirits seem to have been Jeremy Talbot and John Craven and the dinner was held in Jesus College. A few others, not at Cambridge had been invited and the only absentees were C. F. Goodfellow now researching at Fitzwilliam House and Ranald McCaulay studying at Ridley Hall with a view to ordination.

Those present:—

Talbot (Kings), H. McDougall (Caius), Ransford (Emmanuel), Jenkins (Jesus), Butcher (Jesus), Husted (Queens), Angier (Sydney Sussex), Anguin (Pembroke), Palmer (Jesus), Over (St. Catherine's), Roseveare (Fitzwilliam Hall), Henwood (Jesus), Jearey (St. Johns), Craven (Jesus), Douglas, Bisset, Enthoven and Craddock.

LUSAKA BRANCH

I have received a letter from Peter Cobbett Tribe advising me of the formation of the Lusaka Branch.

They managed to contact 30 O.M.'s—about 20 of whom live in or around Lusaka itself and the story reads that with any excuse for a party would any O.M. passing through Lusaka please contact either the Chairman or the Secretary of the Branch.

Their programme includes a meeting once every three months on the first Thursday of the month as a purely social occasion. They hope to arrange cricket matches from time to time. The Annual Subscription is 10/-

The Committee consists of the following:—

Chairman: Reg. Carr, Box 69, Lusaka.

Secretary: P. Cobbett Tribe, Box 1094, Lusaka.

Committee: Peter Cannon, Box 329, Lusaka.

WELL DONE.

I am in contact with a considerable number of Old Boys in the far-flung outposts so if any O.M.'s are contemplating visiting other countries please get in touch with me and I will let you have what addresses I have.

TRANSVAAL BRANCH

Honorary Secretary/Treasurer's Report for the Year Ended 29th Feb., 1960.
Mr. President, Gentlemen,

At the first committee meeting held after the last Annual General Meeting, Mr. J. F. Pool, was elected president of the Branch and Mr. C. Kinahan vice-president.

Dinner-Dances: During the year two dinner-dances were held at the Inanda Club—one on April 10th and the other on August 28th. The result of holding two such functions was that neither was very well attended and losses of £25-17-4 and £18-4-0 were sustained. The committee therefore felt that not more than one dinner-dance should be held each year.

Annual Dinner: The annual dinner this year was held at the Cranbrooke Hotel on December 3rd and was a great success from the point of view of numbers, if not financially. Seventy-three old boys attended which was approximately 30 more than were present at the annual dinner the previous year.

Sir de Villiers Graaff was our guest speaker and Mr. Brian Law was welcomed from school. In his most enlightening talk Mr. Law brought us up to date on all the school's current affairs.

Kindred Associations: The bonds with our Kindred Associations continue to be strong and during the year we attended the dinners of Old Hiltonians, Old Andreans, Old Diocesans and Old Johannians and, in turn, their representatives attended our dinner in December.

Sport: Our annual hockey fixture against Old Hiltonians was played at Old Johannians and once again we had a most enjoyable afternoon. We also entered a team in the W. M. F. Rames golf tournament held at Crown Mines.

Branch Finances: From a financial aspect the past year has been a most unsuccessful one. The two dinner dances resulted in a total loss of £40.1.4 whilst the annual dinner resulted in a loss of £29.2.3. Against these we received voluntary subscriptions of £19.10.0 and income from our investments remained constant at £27.0.8. The excess of expenditure over revenue for the year was an amount of £79.14.7 which was transferred to accumulated funds reducing these now to £549.4.2. The funds of the Club are presently invested in building society paid-up-permanent shares amounting to £275, in the Michaelhouse Building Fund amounting to £250 and £20.10.8 in the United Building Society savings account.

General: We are indebted to Mr. Lance Knight for his close co-operation throughout the year, and we also thank Mr. John Dandridge, our honorary auditor, for the audit of the Branch's books for the year.

J. ROBERTS,

Honorary Secretary/Treasurer.

DURBAN AND COAST SECTION

Report on the activities for the year ended 29th February, 1960.

The past year has, in every respect, been interesting and remarkable.

The Annual Hilton Michaelhouse Golf Match was held at the Kloof Country Club last May in thick mist and torrential rain; when 60 stalwarts braved the elements out of the original 100 players. Hilton again won this event, through a remarkable par round by Murray Grinrod.

The Durban Branch seem to be the rainmakers, for the first Spring rains coincided with the Hudson-Bennett Golf Tournament in Maritzburg. Thirty-six of the original forty-four players played in bitterly cold rainy weather, and we must congratulate the Maritzburg Team on winning this event after three years.

We did not distinguish ourselves in the inter-schools Golf Tournament, but our Squash Team managed to beat both the Staff and the Schoolboys in a match played at Balgowan in October.

There was a record turnout at the Hilton-Michaelhouse Dance held at the end of June, but there was also a record loss. The Dinner in November was again our most successful function and this year free drinks were served before and with dinner. The Committee underestimated the drinking capacities of the Old Boys and a handsome loss was incurred.

We now have 400 O.M.'s living in and around Durban, and it is impossible to run the Club on Life Subscription. At the Annual General Meeting on March 28th, it was decided that this Club would now have an Annual Subscription of 10/- a year.

J. C. F. JOHNSTONE,

Hon. Secretary.

PIETERMARITZBURG BRANCH

Chairman's Report

During the past year the healthy slumber of the Pietermaritzburg Branch of the Old Boys' Club was disturbed not only by the two hardy Annuals, the Show Week Ball and the Hudson-Bennett Golf Competition, but also by the restless efforts of the local Third Aim Committee of the Trust. The latter, I am glad to report, received welcome assistance from members of the Branch in shepherding the Michaelhouse community to a service in the Cordwalles Chapel last July; and then this March to a pianoforte recital in the City Hall by Lady Maud. Both functions were well attended and generally regarded as a great success somewhat to the relief of that Committee, who whilst they did not doubt for a minute the loyalty of the Old Boys to the Trust and its aims, had uncomfortable

doubts as to the knowledge and—if one may look for a term—the musical sales resistance of most Old Boys. Lady Maud's concert however was a memorable occasion and Michaelhouse and the Maritzburg Branch of the Club are much in her debt.

In addition to these activities, a group of VIth form boys were taken around the Law Courts in Pietermaritzburg and by kind permission of the Judge President were accorded the dubious honour of sitting in the jury box during argument in the Stander case. Both Senior and Junior Counsel for the Administrator of Natal were Farfield Old Boys.

Turning to the hardy annuals, a combination of clerical errors in the City Hall and competing attractions in Show Week, forced the Hilton-Michaelhouse Ball out of its old venue into the Imperial Hotel where Jeremy Cook and his helpers staged a most enjoyable Ball. Numerous people have since stated that they prefer the Imperial Hotel to the City Hall as being more congenial and warmer. The Committee for its part was relieved to make a small profit and for the time being it looks as though future Balls will have to be held at one or other of the local Hotels, unless there is a return to the larger numbers which graced these balls some five or six years ago. The ball this year is on Monday of Show Week at the Imperial Hotel.

The Hudson-Bennett, notwithstanding that it was played on a day when snow fell on the Nshlasane, provided a most enjoyable day's outing for a large field. Maritzburg were delighted to find that their learned "A" team consisting of Neville James, Exton Burchell, Lewis Pape and last but certainly not least, Malcolm Smythe was as skilled in the practice of the game as the Law and so this trophy came back from Durban. Of the performance of some of the other Maritzburg players the less said the better, but your Branch Chairman was comforted later in the evening when he at last found someone whose score exceeded the 250 mark.

SIMON ROBERTS.

MIDLANDS BRANCH

Members of the Midlands Branch unlike their Brothers in the Cities, are unable to indulge in weekly dinner parties, jive sessions and sporting events—owing probably to their being poor white farmers, the vast distances to be covered and the idleness of their Secretary.

But it is most gratifying to notice that O.M.'s in the rural areas have become far more interested in the School and its affairs recently. The Michaelhouse Trust and its aims is no doubt the chief reason for its awakening; but the threat that our private schools and our way of life is liable to be tampered with has a considerable bearing as well.

On the 23rd October last year 32 O.M.'s and their wives gathered at the Hotel Estcourt for a Dinner which was held in honour of Ruth and Ken Pennington in appreciation of all they had done for Michaelhouse and the Old Boys. It was a most successful affair and the turn out was proof of the esteem and affection in which the Pennington's are held.

Golfers in the Midlands must be weather prophets because only a team and a half turned out for the Hudson-Bennett on September 13. Even if the weather was miserable the participants certainly were not!

In conclusion this Branch records its very sincere sympathy to Mrs. Morgan and family on the passing of her husband. Michalehouse has lost a very much-loved Rector.

RHODESIA BRANCH

The Northern Rhodesia branch of the Michaelhouse Old Boys Club was formed at the beginning of the year.

At the inaugural meeting held on the 12th January, and attended by ten O.M.'s from Lusaka the following Office Bearers were elected:—

Chairman: Reg Carr.

Treasurer/Secretary: Peter Cobbett-Tribe.

Committee Member: Peter Cannon.

It was decided that a committee of three would, for the time being, suffice, and, if required, further members could be co-opted on to the committee.

Our programme at the moment consists of a social meeting every three months, and we have, to date, held two successful meetings. This occasion is usually commenced with a short discussion on the business and programme of the branch, and out of these discussions it has been decided that a bursary for sons of O.M.'s to a University would, in the next three years, be started. We are at present planning fund raising in connection with this, and intend holding a dance within the next few months.

As the branch is still "very young" not a lot has been done, but much enthusiasm has been shown by O.M.'s in Lusaka—about twenty in all—and our programme should in the near future be more active.

We are at the moment attempting to form another branch on the Copperbelt.

OBITUARIES

CHRISTOPHER MAYNE BEITH (1937-40)

The second son of Mr. and Mrs. George Beith of Johannesburg, Chris spent four years in West. He was a quiet likeable boy and soon became popular in his house, where his fine physique earned him a distinguished place at games. By winning five open events in his last year, he was almost entirely responsible for West winning the Athletic Cup in 1940. A fine sprinter, he played many good games for the 1st XV in his last year. He obtained a good second class in the Matriculation exams, and was quick to volunteer in the last war. Attracted to flying, he made a fine pilot, but had the misfortune to be shot down over Sollum in the N. African campaign. His long time as a P.O.W. was a bitter experience for his sensitive soul. On his return to Johannesburg after the war he joined the banking side of Anglo-American and later married. It was a great shock to his family and many friends when he died suddenly this year. We offer our sympathy to them all.

MICHAEL PENNINGTON PARK

One of Mick's greatest friends, Ian Garland, has created a Holiday Camp on six acres of his farm four miles from Mtunzini as a memorial to the ideals which he knew Mick stood for as a schoolmaster. It is a lovely spot where two streams meet, and many wild trees planted on the site are growing so rapidly that in a few years abundant shade will add to the amenities there. The Rector of Gingindlovu dedicated the Park on April 12, when very appropriately four boys from the St. Johns Pioneer Club, founded by Mick, were there to start the first permanent camp huts. When the donor recently spoke to the Natural History Club at Michaelhouse, he extended an open invitation to members of the school, present and past, to visit the Park and study nature. Birds abound in the quiet reaches of the river, and insects of every kind inhabit the surrounding bush.

**MINUTES OF THE FORTY-EIGHTH ANNUAL GENERAL MEETING
1960 HELD AT MICHAELHOUSE ON ASCENSION DAY MAY 26th
AT 11 a.m. ON HANNAHS.**

In Memoriam: The President asked members to stand in silent memory of those who had died during the year. The Patron, Rector C. Y. Morgan, Charles Hannah an ex-member of the staff, Christopher Beith, Bertram Brewitt (1902), Richard Markham (1896-98), Philip Norton (11-13), Robert Scott-Brown (45-48), A. C. Radford ex-member of the Staff, James Hunt-Holley, Jnr. (28-31), P. C. Cazelet ex-member of the Staff, Hugh Donaldson Selby (53-57).

Resolutions: The following two resolutions in memory of the Late Rector and C. W. Hannah were passed by the Meeting:—

C. Y. Morgan: This meeting sends its deep sympathy to Mrs. Morgan and her children in their sudden bereavement. It records its appreciation of the many and varied services of the late Clem Morgan to Michaelhouse during his seven years as Rector, and in particular the warm hospitality he always gave to Old Boys. We trust that the Annual Gaudy will continue for many years as a tribute to his memory.

C. W. Hannah: This meeting records the long services of Charles Hannah to Michaelhouse from its earliest days in Pietermaritzburg to the time of his resignation in 1930. We shall not forget his unflagging enthusiasm, in spite of frequent illness, and his inspiration both in the classroom and on the playing fields.

Acting Rector's Statement: The Acting Rector referred to the loss sustained by the school on the death of the late Clement Morgan and stated that, although until a Rector is appointed no radical changes will be made, he assured the meeting that it was not the intention that the school would stand still, but that it would go forward as in the past. He mentioned inter alia, (i) the happenings in the School, (ii) the improvement in the Rugby, (iii) the work of the Club, and yachting as part of the Venture Club activities. He concluded his statement with a warm welcome to all present.

Minutes: The Minutes of the previous meeting were taken as read and confirmed and there were no matters arising therefrom.

President's Report: The President reported on the work of the Committee during the year and thanked the meeting for his term of office.

Hon. Treasurer's Financial Statement: The Hon. Treasurer spoke to the Accounts, copies of which had been circulated and his statement was adopted.

Amendment to Constitution: The proposed amendment to Rule 3 of the Constitution by the inclusion of "President elect" after the word "President" was proposed by Michael Crosoer and seconded by Ernest Hudson-Bennett, and was passed unanimously.

Election of Officers: **The President:** The Committee's nomination of Rhys Evans (22-27) was warmly accepted. **President elect.** The Committee's nomination of George Boyes was also warmly received. **Vice-Presidents.** All were re-elected with the addition of the retiring President. THE RIVER

*Twisting, chuckling, laughing, racing,
The bubbling, careless torrent sprays along,
Channel-churning, cheating, chasing,
Surging spasms in spilling, sparkling song.
Young river!*

*Like a soft, misty eve of ancient days,
On the slow, gentle sweetness of a heart-felt phrase,
With only fleeting youth on which to brood,
The pensive flood glides in slow and doubtful mood.
Old river.*

I have examined the books, accounts and vouchers of the Club. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of my audit. In my opinion, proper books of account have been kept by the Club so far as appears from my examination of those books.
