5 May 1992

United Nations Educational and Training
Programme for Southern Africa (UNETPSA) -

Dear Mr. von Benecke,

I wish to refer to your letter of 1st May 1992 and enclosed documents.

Please note :

1. for studies in Europe, including the United Kingdom, UNETPSA awards are granted, depending on availability of funds, only for Master's degree programmes, or for the final year (exceptionally for the final two years) of an undergraduate degree and only to candidates seeking partial financial assistance to complement their other financial support. Since you will be a first year undergraduate student in 1992/93 you do not qualify for financial assistance from UNETPSA and regretfully your request cannot be considered.

2. at undergraduate level, priority is given for studies in Africa, including South Africa and Namibia and UNETPSA may explore placement facilities on your behalf. If you are interested, please write directly to :

The Chief, Fellowships Service
(for the attention of Ms A. Berrezoug)

United Nations Educational and Training

Dear Mr. Rulumeni,

I wish to refer to your letter of 28 April 1992 and enclosed documents. Furthermore your application is incomplete and the following documents should be returned to this office before 15 MAY 1992, together with a new accurately and totally filled in application form :

- copies of the relevant pages of your passport including the front page and one passport-size photograph;
- official statement from Luthuli Memorial Trust that they will extend their scholarship (maintenance) in 1992/93;

Please note that your application can be presented to the Selection Panel at its summer meeting only if all documents requested above plus the attached UNETPSA forms duly completed are returned in time.

Yours sincerely,

4 May 1992

United Nations Educational and Training
Programme for Southern Africa (UNETPSA) -

Dear Mr. Gamede,

I wish to acknowledge receipt of your completed application forms and enclosed documents.

Please note that the priority for awards under UNETPSA is for study in Africa (including South Africa and Namibia); since you have indicated 'Zimbabwe' in the proposed countries of study, your chances of being considered for an award would be enhanced if you secure admission at the University of Harare.

As regards applications for study in Europe, due to severe funding limitations at this time, a very limited number of fellowships will be approved for postgraduate studies and only when candidates are applying for partial financial assistance to complement their other financial support. Your request will therefore be presented to the Selection Panel at its summer meeting if you submit official evidence from Luthuli Memorial Trust that their scholarship (maintenance) will be extended if you are admitted to the M.Phil. programme. In this respect, please clarify whether the M.Phil. programme is the first of the three-year research programme, the final two years being at Ph.D. level. You should also provide a statement from the universities in the UK who have offered you a place for 1992/93 indicating the exact amount of tuition fees for the M.Phil. degree.

The acceptance of your application does not constitute a commitment for an award and at present there is no guarantee that your request will be considered favourably.

Yours sincerely,

Michael A. Zinovieff
